

## Democrats Consider Drive To Cut Taxes

WASHINGTON (AP) — Democrats on the House Ways and Means Committee said today they are considering an early drive to cut everybody's income taxes.

The move, if it develops, would

run head-on into President Eisenhower's declaration on Monday against tax cuts this year before an anticipated \$2,408,000,000 deficit in the bookkeeping year beginning July 1.

It also seemed likely to ram into significant Democratic opposition in the Senate where Sen. Byrd of Virginia and Sen. George of Georgia already are on record as against tax reductions this year.

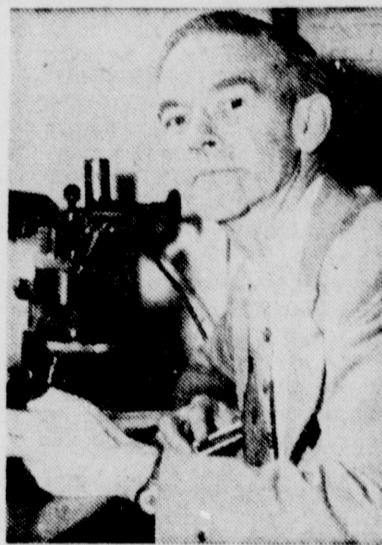

Rep. Boggs (D-La.) said he favored writing a general income tax cut into the Eisenhower administration's bill to postpone about three billion dollars in corporation and excise tax cuts, now set to become effective on April 1. Among others known to favor some such action are Reps. Dingell

(Mich.) and Mills (Ark.), high ranking Democrats on the tax-writing Ways and Means Committee.

They talked generally of a \$100 increase in exemptions for each taxpayer and each dependent—a move that would cut federal revenues by about 2½ billion dollars over a full year, and relieve about four million low-income or big-family taxpayers from any income tax bill at all.

Also under study was a flat \$20 tax cut for each taxpayer and each dependent. This would cost the Treasury about 1½ billions a year.

None of the proposals under study would take effect until July 1 or possibly next Jan. 1.

## Red Bombers Pound Formosa Outposts

### Blizzards Whip Britain; Scots Get Airlift Aid

LONDON (AP) — Britain mobilized a fleet of some 30 helicopters and planes today to drop food and medicines in frozen northern Scotland.

More snow was predicted for much of the British Isles and Europe, where blizzards, gales and floods have raged for more than a week.

At least 20 persons were known dead as a result of the week of snow, ice and flood — including 13 in Germany, 2 in France, at least 5 in Scotland and an unannounced number in Communist Poland.

The 13,000-ton British aircraft carrier *Glory* steamed toward northern Scotland to act as a floating base for helicopters engaged in rescue missions over the snow-bound counties of Caithness and Sutherland.

**Cut Off By Drifts**  
The Royal Air Force ordered more than 20 planes to a relief base at Kinloss.

More than 10,000 persons in Caithness and Sutherland were cut off by 20-foot snowdrifts and fallen telephone lines. Radio broadcasts advised them to make an "F" in the snow if they needed food, or a "D" if a doctor was required.

Another blizzard interrupted rescue operations late Tuesday.

Freezing weather early today put some check on flooding in the Mosel and Rhine rivers, of Western Germany. At Bonn, the West German capital, the flood crest on the Rhine was still to come but already the basement of the Federal Parliament Building was full of water. Workers ringed the structure with 40,000 sandbags to head off the rising river.

At Mehlem, near Bonn, the U.S. High Commission was flooded out of its headquarters, where 2,000 Germans and 450 Americans are employed.

**Cottages Smashed**

In France, the flooding Garonne neared the danger mark and there was fear that the dam at Toury, on the Eure River, would burst. More than 3,700 persons were evacuated from low-lying areas in the Rhone Valley.

Winds ranging up to 60 miles an hour lashed Italy's Ligurian coast, smashing summer cottages, uprooting trees and driving huge waves across coastal roads.

Mountainous waves continued to lash the sea, keeping the damaged Greek ship *Corinthia* from reaching port. The 3,879-ton vessel rammed a reef midway along the coast between Rome and Leghorn Tuesday, smashing a hole in her bow.

All 167 passengers were removed by another ship after the damaged vessel maneuvered off the reef and into shelter in a cove. Her crew remained aboard.

Heavy snow blocked highways in south Sweden. More snow, high winds and freezing temperatures were predicted for Denmark, where road and railway traffic has been hard hit by falls ranging up to 20 inches in depth.

The winter storms also hit east of the Iron Curtain. Warsaw radio reported that many persons died in gales that swept parts of Poland Monday. Several ships ran aground near the Baltic ports of Gdansk and Swinoujscie (Danzig and Swinemunde), the broadcast said.

### Boston Convicts Hold Guards In Desperate Demand For Freedom

BOSTON (AP) — Four desperate convicts, holding five guards as hostages in an isolated cell block at Massachusetts State Prison, in a make-or-break bid for freedom, showed no sign of backing down today as the siege moved well into the second day.

Authorities brought a National Guard M-41 tank with 3-inch gun from Ft. Devens, Mass., to the prison for possible use "if things start humming," as State Public Safety Commissioner Otis M. Whitney put it.

**Armed With Pistols**

Besides the five guards, the four rebels, armed with at least two pistols, also are holding six other convicts as hostages—making a total of 15 men in the cell block. Prison officials say they have no idea how they obtained the weapons.

Tuesday the rebels released 13 other prisoners from the cell block.

In midmorning, Dep. Warden Perley S. Vance said the rebels

had agreed to let food be brought in to the guards. Shortly afterward hot meals were carried in.

Medicine also was sent in for Guard Eugene Wills, 40, the oldest of the five guards, whom Dr. Samuel Merin treated Tuesday for a virus infection. Vance reported Wills "seemed much improved" today. He also has a heart ailment.

**Nothing To Offer**

Warden John H. O'Brien told newsmen that "definitely the next move is the rebellious prisoners." He repeated that there would be "no bargains, no deals."

"I just want those five officers. The prisoners know what faces them for their actions."

The warden, who got a little sleep during an overnight lull, said he had no present plans to go in and talk to the prisoners. He explained he has already made his position clear and has nothing to offer them.

### Tachen Islands Being Softened Up For Invasion

TAIPEH, Formosa (AP) — More than 200 Communist warplanes unleashed the heaviest air attack of the Chinese Civil War against the Nationalists' Tachen Islands today in a likely prelude to invasion.

Eight miles to the north, said the Nationalist Defense Ministry, guerrillas "fighting in pools of blood" were still resisting on battered Yikiangshan, invaded by the Reds Tuesday. It was believed here, however, that only isolated groups were still fighting and that the Red conquest of the 3½-square-mile island was nearly complete. The Reds claimed they had already captured it.

**Ideal for Defense**

Actual invasion of the Tachens may not come until they have been softened up from the air. The islands are reported to be well fortified and strongly manned, and having terrain that makes them almost ideal for defensive warfare.

The statement by U.S. Secretary of State Dulles that the United States would offer no objection to the United Nations seeking a cease-fire in the civil war caused a real sensation here.

Qualified sources indicated the Nationalists would flatly reject such an idea. Official quarters refused to talk for publication, but there was no mistaking their unfavorable reaction.

**Fleet Won't Interfere**

The China News, an independent newspaper with close contacts in high places, declared, "Free China will fight to the very end against such a presumptuous idea as a cease-fire in any form or under any circumstances."

There is a general impression here too that Dulles in effect was telling the Communists they needn't worry about the U.S. 7th Fleet intervening if Chiang Kai-shek's island outposts are attacked.

Dulles told a Washington press conference the Tachens were of marginal importance, at best, in the defense of Formosa. The United States is committed to the defense of Formosa and of the Pescadores.

### Speed Limit Up Again In Lansing

LANSING (AP) — Sen. Robert E. Faulkner (R-Colo.) today renewed his unsuccessful 1954 fight to impose a speed limit on Michigan highways.

He filed in the Senate a bill to set a speed limit of 65 miles an hour during daylight hours and 55 miles an hour at night.

Faulkner was defeated last year on the same measure. He argued that high speed was the major cause of serious auto accidents.

Michigan now has no highway speed limit but a law requiring motorists to keep their cars under control at all times.

Legislation was filed in the Senate to permit all public employees in Michigan to come under the federal social security system.

Other bills filed would: Allow the State Turnpike Authority to issue promissory notes so that it can start a Detroit-Saginaw toll road without waiting to sell its bonds.

Allow cities or villages to annex lands submerged under waters of the Great Lakes, provided they obtained the written consent of the owner.

Provide payment of \$1,000 additional damages in fatal accidents involving neglect or default.

Permit voters to use check marks in casting ballots.

Rep. Thomas J. Whinery introduced a joint resolution which would permit pay raises granted judges or commissioners to take immediate effect, rather than becoming effective at the beginning of a new term.

**Girl Gets Prison**

MIDLAND (AP) — A young Midland woman was sentenced in Circuit Court Tuesday to 15 months to 15 years in prison for killing her newborn baby. Miss Joyce Temple, 25, pleaded guilty last Jan. 4 to manslaughter.

The body of the baby was found last Nov. 11 in a wastepaper container in the rest room of a Dow Chemical Co. office building where she was employed.

## Bond Issue Totalling 200 Million Proposed For Michigan Schools

LANSING (AP) — A second big state bond issue—a 200 million dollar issue for local school construction—was filed in the Senate today for a place on the April election ballot.

Democrats and Republicans already have suggested placing a 500 million dollar highway construction bond issue on the spring ballot.

Sen. William S. Broomfield (R-Royal Oak) filed for introduction in the Senate a proposal that the state float a 200 million dollar bond issue to be related to school districts to build more schools.

Organized school groups were reported supporting the plan.

Broomfield said his plan would not cost the state anything since the school districts would have to repay their loans to the state, including the cost of administration.

To qualify for a state loan local school districts would have to:

1—Obtain a vote of their people;

2—Prove their present bonded indebtedness is at least nine per cent of their state equalized valuations or that they have levied or pledged at least 47 mills of local property taxes already, including the 15-mill tax limitation;

3—Levy four mills per dollar of state equalized valuation for 20 years—or the equivalent—to repay the state loan.

The state loans to local districts would be administered, under the plan, by a board composed of the state superintendent of public instruction, the three members of the State Board of Education, the attorney general, auditor general and state treasurer.

The measure must pass the Legislature before it can go on the ballot.

Both House and Senate returned from long weekend recesses and scheduled routine sessions for the rest of the week, except for a joint session Thursday afternoon to hear Gov. Williams' educational program.

## Baptist Hunter Helps Out Priest

LOUISVILLE, Ky. (AP) — A 71-year-old Baptist hunter literally shot \$1,955 from the heavens but got nothing for his marksmanship.

Instead, the money will be used by a Catholic priest to help build a new church.

The hunter, Forrest Wilson, was looking for rabbits last Saturday when he noticed a huge plastic balloon floating through the air toward him. He shot it down.

Inside the balloon was a certificate worth \$1,955 to the finder's favorite charity, but Wilson didn't take the message seriously. He gave the paper to his granddaughter, Mrs. Marie Laceyfield, a member of St. Jerome's Catholic Church, now in the middle of a building program. Actually, the Rev. Jerome Moore is building the church himself with the aid of his congregation.

Mr. Laceyfield is donating the \$1,955 to Father Moore.

The certificate was the most valuable of 122 sent aloft throughout the country last week by General Mills Inc., to commemorate the anniversary of a company product.

## State School Chief Loses Chairmanship Of Safety Commission

LANSING (AP) — The new Williams administration today squeezed the state school chief out as chairman of the State Safety Commission.

Dr. Clair L. Taylor, state superintendent of public instruction, resigned the chairmanship to which he was elected Dec. 10 in one of the last moves of the outgoing Republican administration.

Dr. Taylor, a Republican, withdrew after Atty. Gen. Thomas M. Kavanagh, a Democrat, ruled that his election was invalid because the vote included deputies and other representatives of actual members.

Dominated by Democrats, the commission elected Secretary of State James M. Hare as chairman. He will act as coordinator of all state safety programs.

## Pebbles In Nose

CHICKASHA, Okla. (AP) — After a surprised doctor had removed five pebbles from 18-year-old Mildred Taylor's nose cavity, she said she remembered stuffing a handful of pebbles up her nose when she was 3. "It's wonderful," she said after the minor operation. "This is the first time I've breathed out of that side of my nose."

## Illness Proves Fatal To Father Of Dr. Sheppard

CLEVELAND (AP) — The father of Dr. Samuel Sheppard died Tuesday night at Bay View Hospital of a respiratory ailment.

Two brothers of Dr. Sam, who was convicted of killing his pregnant wife Marilyn, said their father Dr. Richard Sheppard, 64, "lost his will to live" after the suicide of his wife 11 days ago.

Dr. Sam was kept in a special observation cell today while guards at county jail maintained close watch.

Just a few days ago the younger Sheppard, who is appealing his conviction for second-degree murder, had been returned to his regular 4 by 8-foot cell. He had been under observation since Jan. 7, when his mother shot herself in the head.

Son of a Methodist minister, the elderly doctor was born at Fostoria, Ohio. His father had a pastorate in Paris, Ill., in 1915, when he met and married Ethel Leah Niles, a schoolteacher.

Sheppard came to Cleveland about 1923. In 1935 he founded what later became the Bay View Hospital. He was a former president of the National Osteopathic Hospital Assn. and the American College of Osteopathic Surgeons.

## Labor Unions Want Some Of 1955 Gravy

WASHINGTON (AP) — Labor unions are shooting for some big economic gains in 1955 and government officials say they are expecting a turbulent year in labor-management relations.

A sampling of sentiment among union leaders shows they feel this year: "If business is going to be as good as businessmen say, we want a share of the gravy."

The unions acknowledge they did reasonably well in 1954.

**More Strikes Possible**

This seems to spell stepped-up collective bargaining activity all along the line. Government officials keeping a close tab on the situation say a big increase in strikes is possible.

The Labor Department has just completed a study throwing light on the probable scope of 1955 bargaining. It dealt only with major labor contracts, those covering 5,000 workers or more.

Out of 284 such contracts, nearly 200 covering about 3,350,000 workers in some of the nation's biggest industries will be up for full or partial revision. The same will be true for an unestimated number of smaller contracts covering probably several million more workers.

The two most significant sets of upcoming negotiations — from the standpoint of number of workers covered and of their becoming possible pace setters—are in the auto and steel industries.

**No Long Contracts**

Five-year CIO United Auto Workers contracts with General Motors and with Ford expire May 29 and June 1, respectively. Both motor firms have given 5-cent-an-hour annual "improvement" raises to workers represented by UAW, plus other concessions from time to time, but the union has built up an ambitious slate of changes it wants incorporated in new contracts.

For one thing the UAW says it has soured on long-term contracts, wants new agreements limited to one or two years. Also, Walter Reuther, head of both the CIO and UAW, has pledged the auto union will win some form of the guaranteed annual wage this year.

Steel industry contracts permit only rebargaining of wage rates in June.

## Words Of Child, 4, Save Man From Jail

COVINGTON, Ky. (AP) — The words of a child may have saved a man from a penitentiary sentence. Rancy Hull, 35, of Covington, was being tried on a charge of breaking into a dwelling with intent to steal. Mrs. Emma Lou Ryan charged he broke into her house while she was out shopping.

Judge Joseph P. Goodenough explained it had to be proved, under Kentucky law, that Hull forced his way into the house.

Mrs. Ryan said Hull had opened a screen door. Her 4-year-old son Timmy, home at the time of the incident, was brought into the courtroom to tell what he saw.

Before Timmy was sworn in, he piped up:

"I let him in. I opened the door."

Goodenough dismissed the charge against Hull.

## Action Favored To End Shooting In Chinese War

WASHINGTON (AP) — President Eisenhower said today he would like to see the United Nations try to arrange a cease fire between the Chinese Nationalists and Red China's attacking forces.

The President told a news conference that he does not know whether the U. N. would be able to do anything about halting the shooting, but he said he would like to see it use its good offices to seek a cease fire.

The President's remarks came atop a statement Tuesday by Secretary of State Dulles that the United States would offer no objections to the United Nations' seeking a cease fire. Dulles' statement created a sensation in Formosa, stronghold of the Chinese Nationalists.

AP Correspondent Spencer Moores at Taipei reported that qualified sources indicated the Chinese Nationalists would reject such an idea.

A cease fire in effect would end Chinese Nationalist hopes of ever returning to the mainland.

Eisenhower also told his news conference that Dag Hammarskjöld's mission to Peiping in an effort to win release of 11 imprisoned American airmen cannot be regarded as a failure so long as negotiations are continuing.

Senate Republican Leader Knowland (Calif.) has termed the Hammarskjöld mission a failure.

While Eisenhower did not go along with Knowland on that, he said emphatically that efforts seeking the release of the airmen imprisoned as "spies" never can be termed a success until the fliers have been returned to their homeland.

## Panama Checks On Assassination

PANAMA (AP) — Given a green light by the Supreme Court, a three-man National Assembly commission pressed ahead today with its investigation of charges that ex-President Jose Ramon Guizado was involved in the assassination of his predecessor, President Jose Antonio Remon.

The court ruled Tuesday that only the Assembly could try the former chief executive. Supporters of Guizado had argued that his alleged complicity in the murder plot occurred while he was foreign minister, before he became president, and he therefore was entitled to trial by the Supreme Court.

The constitution provides that the National Assembly tries presidents, while the Supreme Court tries Cabinet members. The court ruled that the Assembly tries presidents for offenses committed before they take office as well as while in office.

Six other persons under arrest will be tried in the regular courts.

## City Council To Meet Thursday

Several items of business, including further discussion of a proposed National Guard Armory for Escanaba, are scheduled to come before the City Council when it meets in regular session at 8 p. m. Thursday in City Hall with Mayor Harlan Yelland presiding.

The agenda for the meeting, prepared by City Manager A. V. Aronson, is as follows:

Opening of bids for poles and copper wire.

Reconsideration of a dance permit for Chester Johnson tavern on Sheridan Road.

Further discussion of a proposed armory for Escanaba; and further consideration of a request of Escanaba firemen for promotion only on seniority basis.

New business listed includes: Consideration of a street layout on 7th Ave. S. between 19th and 20th Streets; resolution in regard to deepening of the Straits of Mackinac and the area around Detroit because of the St. Lawrence Seaway; and a request for transfer of a Class B Hotel liquor license from Joseph Garant to Joseph Germaine at the Hiawatha Hotel.

### India Missionary Will Speak At District Churches

Dr. C. Stanley Thoburn of the Methodist Church who has served as missionary in India, where he was born, will visit churches of the Marquette District beginning Friday, Jan. 21, when he will speak at Memorial Methodist Church in Gladstone.

He will address a Young People's Missionary Rally at Central Church in Escanaba Saturday, Jan. 22, beginning at 5:30 p. m. and he will be guest minister at the regular morning worship hour at Central Church Sunday, Jan. 23, at 11 a. m.

Dr. Thoburn served in India for more than a quarter of a century. He has been on the faculty of Leonard Theological College in Jabalpur India since 1936, meanwhile serving as pastor of the English speaking church in that city. Leonard Theological College has four units, the theological school, a school of religious education, a school for pastor's wives, and a graduate school specializing in social anthropology.

Before going to Leonard College, Dr. Thoburn was on the faculty of Bareilly Theological Seminary at Bareilly India. He is a graduate of Allegheny College, received his bachelor of sacred theology and master of arts degrees from Boston University. He completed work for his doctor of theology degree at Boston University School of Theology.

### Annual Meeting:

## Delta Soil Conservation Goals And Progress Told

Progress of the soil conservation program in Delta County last year and the plans for 1955 were outlined last night at the annual meeting of the Delta County Soil Conservation District, attended by about 100 persons and held at the Cornell Town Hall.

Directors of the Soil Conservation District reported on the various phases of the program and a printed report was distributed. Ed Bergman of Bark River, chairman, presided at the business meeting.

Two directors, Robert Wat- chorn of Fayette and Ted Sundin of Ensign, were reelected.

### Laakso Is Speaker

Other directors are Clayton Ford of Cornell and Onni Simmes of Rock. Assistance in technical phases of soil conservation is given by Irwin Ten Haken of the U. S. Soil Conservation Service; and J. L. Heirman, county agricultural agent, acts as secretary.

Ten Haken presented a program of slides picturing soil conservation practices on Delta County farms in 1954. Fred Bernhardt, Delta 4-H agent, introduced Jean and Gerald Ford, who presented a 4-H demonstration on solid conservation. Entertainment included songs by Miss Dolores Vandrese, 4-H Club member of Flat Rock.

### Progress Is Told

Speakers of the evening were Norman Laakso of Chatham, who was introduced by County Agent Heirman. Laakso spent last summer in Finland as an International Farm Youth Exchange delegate, and at last night's meeting presented a talk on his experiences, illustrated with colored slides of scenes on Finnish farms and in the cities.

Directors of the Soil Conservation District in reviewing the accomplishments of the past year, noted that 58,000 seedlings were distributed for reforestation, a district-wide tour was conducted, a cash contribution was made to complete a soil conservation test plot at Chatham, assistance was given in erecting a soil conservation display at the U. S. State Fair, and roadside signs were placed at entrances to the district.

Forty-two new district cooperators were added in 1954, bringing the total of cooperating farmers in the county to 165, it was reported.

Plans for 1955 include encouragement of greater participation in the district program, continued development of soil conservation farm plans, continued educational activities in schools and civic groups, and additional publicity to tell the soil conservation story.

Coffee and lunch was served following the meeting under the direction of Miss Ingrid Ter- vonen, Delta home demonstration agent, and a group of Cornell women.

The regular January meeting of the Presbyterian Men's club on January 24 will feature as its guest speaker the Rev. Clyde Carlson. Reverend Carlson, a missionary, has recently returned from the Mission Station at Gbadou, Belgian Congo, after four years of service.

A native of Escanaba, Rev. Carlson has been lecturing during the past few months on his work and experiences in the Belgian Congo.

Because of wide interest in foreign missionary work, the Presbyterian Men's Club has extended an invitation to the Men's Clubs of the Immanuel and Bethlehem Lutheran churches.

The meeting will be held in Westminster Hall of the Presbyterian Church at 7:30 p. m. and will be followed by lunch and coffee.

Officers of the Men's Club are Clifton Reno, president; George Bulau, vice president; William Geniesse, secretary-treasurer. Reno succeeds Harold Brushe as president and Bulau succeeds Arthur Aronson as vice president. Geniesse succeeds George Bulau as secretary-treasurer.

### Hit-Run Driver Caught After 18-Year Search

CHICAGO (AP)—A motorist who ran down a pedestrian 18 years ago, picked up the victim on the pretense of taking him to a hospital, and abandoned him in an alley, has been brought to book.

Leopold Dende, 46, national news editor of a Polish-American newspaper, pleaded guilty Tuesday to the Nov. 1, 1936 manslaughter of Anton Czaja, 67, Czaja died the next day in a hospital.

Dende defaulted on a \$3,000 bond after his arrest, and authorities said diligent police work led to his second arrest last Sept. 25.

A Criminal Court hearing on Dende's probation request is set for Feb. 8.

### Buggy Is Stolen In Motor Capital

GRAND RAPIDS, Mich. (AP)—Michigan may be the automobile capital of the world, but Grand Rapids police have a request to look for a surrey with fringe on the top. Oliver Nance, a trucker with eight children, said he bought it for the children to play in and that someone stole it from a vacant lot. The horses were stabled elsewhere.

## Bank Debits Show Increase

Bank debits in Escanaba in December 1954 showed an increase of more than a half million dollars from December, 1953, the Ninth Federal Reserve District has reported.

Bank debits in Escanaba totaled \$10,869,000 last month against \$10,283,000 in December the previous year. Bank debits are mainly checks against depositors' accounts and represent payment for goods, services, etc. They are generally regarded as a reliable business barometer.

Bank debits in Escanaba for the entire year 1954 were \$118,603,000, an increase of 4 per cent over 1953 when the bank debits in this city totaled \$113,723,000. For the entire Upper Peninsula bank debits in 1954 were \$1,021,733,000 compared with \$1,008,589,000 in 1953, an increase of one per cent.

The bank debits for various cities in the Upper Peninsula in 1954 as compared with 1953 follow, listed in thousands of dollars:

	1954	1953
Besseyer	\$ 19,630	\$ 20,516

## Briefly Told

**Fire Call**—Escanaba firemen at 4:15 p. m. yesterday were called to the residence of Mrs. Martin Engelsen, 912 2nd Ave. S., where a furnace smoke pipe had become disconnected. There was no damage.

**Prison Walkaways**—Ronald Mawkins and Donald Crosschere, prisoners at Marquette prison, walked away from the prison dormitory yesterday. Hawkins was sentenced from Delta County and Crosschere from Marquette County for breaking and entering.

**Shop Is Entered**—Lee Rublein today reported to Escanaba police that the Delta Mattress and Upholstery Company building at 1317 Ludington was entered sometime last night by a thief who took some cans of beer and about \$1.50 in cash. Entrance was made through a window on the east side of the building, police reported.

**Prohibit Burning**—Attention of proprietors of shops and business places along Ludington St., today was directed by Fire Chief Nels Bergeon to the city ordinance prohibiting the burning of trash, paper or rubbish in the alleys north and south of Ludington St. Such burning is a violation of the city fire limits ordinance.

**Moving to Menominee**—Mr. and Mrs. Robert Thyberg and two children, Kenneth Robert and Dee Anne, who have been living here at 223 S. 19th St., are leaving Escanaba this coming weekend to make their home in Menominee. Their residence will be at 205 1st St. Mr. Thyberg recently established an affiliate jewelry store of Thyberg's Incorporated, in Marquette. He will continue to take an active part in the management of his Escanaba store at 810 Ludington St.

## American Legion Sells Building

The Cloverland Post of the American Legion has sold its building at 716 Ludington Street to Ernest Berger, 1601 Sheridan Road, but the Legion will continue to maintain its clubrooms at that location as a tenant.

Berger, a brother of the late Henry Carlson, who was employed, at Lauerman's for many years, purchased the building as an investment. He is a former cattle rancher of Casper, Wyoming. Harry Gafner has taken over the operation of the Boston Sweet Shop and will operate the business until the building at 1000 Ludington Street is razed. It has been indicated that the business will later be moved to another location.

## Railroad Expert Has Rare Museum

EFFNER, Ill., (P) — Railroadiana of all kinds is being collected here by R. H. Egbert, chief engineer of the Toledo, Peoria and Western Railroad, who also has charge of the road's new historical museum called the Tee Pee.

Besides the collection of photos of old steam engines, there are such divergent relics of the past as a drive wheel from an old steam engine, an ancient coupler, old carbide lights and a myriad of other items.

## Obituary

### VICTOR HAGMAN

Funeral services for Victor Hagman, victim of a fire that destroyed his one-room home in Cornell Township, were held Tuesday at 2 p. m. at the Anderson Funeral Home chapel with Rev. Karl J. Hammar of Central Methodist Church officiating. Burial was made in the Legion lot of Lakeview Cemetery.

During the services C. Arthur Anderson sang "Crossing the Bar" and "Must Jesus Bear the Cross Alone" with the accompaniment of Mrs. F. M. Fernstrom.

Pallbearers were John Jedrick, Adolore LeBlanc, William Garbett, Nels Sorault, Victor Anderson and Emil Kallio.

Military rites were conducted by the American Legion post, Cloverland 82, with Archie Wood as commander and chaplain. Color bearers were Herman Meika and Oscar Seguin; color guards were Carl Peterson, Jacob Bink and Louis Kiebusch and bugler was David Norden.

Out-of-town relatives and friends attended from Gladstone, Woodlawn and Cornell.

## Ladybug Is Boon To Spud Farmers

PETOSKEY, Mich. (P) — Harvey Brubaker imported 600,000 farm workers from Phoenix, Ariz., to help him with his 1954 potato crop. The farm hands were ladybugs and came by plane. Brubaker figured each ladybug would eat 45 insects a day and multiply at the rate of 15-to-1 in the first 15 days. They eat aphids, lygus, flea hoppers, small worms and their eggs.

## Accident Victims Slightly Improved

The condition of Joan Johnson and Grant Hupy, two of the children injured in a toboggan accident at Gladstone Saturday, showed some improvement in the past 24 hours but Joan Johnson still is unconscious in the fifth day after the mishap.

Grant Hupy is semi-conscious. The attending physician reported that improvement is indicated in their condition, however.

An x-ray examination yesterday disclosed that Sally Hupy, also injured in the accident, sustained a fractured skull but her condition is fair.

Kay Johnson, 10, is doing fine, it was reported, and she will be released from the hospital soon. She suffered a fractured right arm.

## Telethon Aids Polio Campaign

Delta County along with two other Upper Peninsula counties, Menominee and Dickinson, and several Wisconsin counties will participate this evening in a one hour telethon over WMBV, Marinette TV station, from 9 to 10 p. m., EST, for the benefit of the March of Dimes campaign.

Each county will have one unit of talent participating in the show, and Mrs. Alice Hartberger, contralto, will act as Delta County's participant. She will present "Without a Song" by Vincent Youmans and possibly "Begin the Beguine".

During the show, members of the counties taking part in the telethon may call and make pledges to the polio drive, which will possibly bring encores of one of the entertainers. Two Escanaba telephone numbers, which Delta County residents may call to make their pledges, are 1100 and 3190. Operators will be on hand to take the calls.

Don Trottier, general chairman of the Delta County campaign, has announced that Mrs. V. T. Land

"I found out why the lemon sherbet tastes flat... Wilbur swiped it from the refrigerator and replaced it with snow!"

will act as chairman of the Mothers' March which will take place Jan. 27. Cannisters have been put in the business places by Boy Scouts.

Editorials—

# It's The Unusual That Makes News; There's Bright Side, Too

BECAUSE it is the unusual situation that creates so much of the news in daily newspapers, the public sometimes gets a false impression of the state of the nation and the national character of our citizens.

The newspapers, for instance, carry many stories about crime because, unfortunately, crime is news. For every person who commits a major crime that rates space in the newspapers, there are thousands of honest, lawful citizens. It is because crime is unusual that crime stories appear in the newspapers. And yet a person reading the daily newspaper for a long period of time might erroneously reach the opinion that a large percentage of our citizens are criminals.

Perhaps that is what Changing Times, the Kiplinger Magazine, had in mind in an article published in the January, 1955

## Wor-'s, Wit & Wisdom

By William Morris

Today's vocabulary test is based upon ten words that will prove valuable additions to your vocabulary. After each numbered word you will find a word or phrase of almost the same meaning among the three phrases following it. When you have all the answers, check against the correct pairings at the bottom. Here is how we score the quiz: ten correct, excellent; eight or nine, superior; six or seven, fair.

- 1.—Impedimenta: (a) speech defect; (b) baggage; (c) obstacle to a legal contract.
- 2.—Loquacity: (a) talkativeness; (b) slipperiness; (c) trickiness.
- 3.—Imperceptible: (a) not easily perceived; (b) unconquerable; (c) absolutely necessary.
- 4.—Liturgical: (a) boring; (b) long-winded; (c) concerned with public worship.
- 5.—Imperturbable: (a) insolent; (b) not excited; (c) not to be penetrated.
- 6.—Lissome: (a) supple; (b) beautiful; (c) glamorous.
- 7.—Impeccable: (a) hard to distinguish; (b) faultless; (c) out of funds.
- 8.—Litigant: (a) party to a lawsuit; (b) British lawyer; (c) victor in a suit.
- 9.—Impassive: (a) calm; (b) not to be passed; (c) filled with passion.
- 10.—Littoral: (a) following exactly; (b) pertaining to a litter; (c) along the shore.

ANSWERS (with pronunciations): 1b (im-ped-ih-MEN-tuh), 2a (loh-KWASS-uh-tee), 3a (im-per-SEP-tih-b'l), 4c (lih-TER-ih-k'l), 5b (im-per-TERB-uh-b'l), 6a (LISS-um), 7b (im-PEK-uh-b'l), 8a (LIT-ih-gunt), 9a (im-PASS-iv), 10c (LIT-er-ul).

How large is your vocabulary? How many thousands of words can you use with confidence? For the answers to these questions just send a stamped, self-addressed envelope to William Morris, in care of this paper, for a free copy of his self-scoring vocabulary test. It will show you how many words you know now and how to increase your vocabulary almost immediately.

## Try And Stop Me

By BENNETT CERF

An American journalist met a writer from behind the Iron Curtain who had just escaped to West Berlin. "The Russians announced on the radio today that their writers now can say anything they please. Is that true?" "Yes, it is," nodded the escapee. "But, of course, they could say it only once!"

The "queen bee" of Bar Harbor society, in the 1890s, recalls Cleveland Amory in "The Last Resorts," was Mrs. Edward Markhoe of Philadelphia. Not one to tolerate either immorality or faulty grammar, Mrs. Markhoe descended upon the Jessor Memorial Library one afternoon, and in a single fell swoop, removed from the shelves every book containing either adultery or split infinitives, not to mention the complete works of F. Scott Fitzgerald, Thomas Wolfe, and Sinclair Lewis.

A lady rabbit glared at her young daughter, who was idly nibbling a carrot, and sneered, "At your age I was already married, and the mother of 218 children!"

## The Doctor Says . . . Diagnosis of Backache Is Not Easy; Careful Study Needed

By EDWIN P. JORDAN, M.D. — Written for NEA Service

There are innumerable possible causes for backache and often it is quite a job to find which one is at fault. One of them, however, which is fairly well known, is a ruptured intervertebral disc. This important and fairly frequent cause of severe backache has really only been recognized from a practical point of view for the past 20 years or so and we are still learning more about how to handle it.

When there is pain in the lower portion of the back or down the course of the sciatic nerve along the back of the leg, a rupture or hernia of this cartilage must be suspected. Diagnosis is not easy but can usually be made by a careful study of the history of the pain, that is, whether it followed an injury, and similar information obtained from the patient, by physical findings, and by what can be seen in an X-ray film.

THE X-RAY, however, may not show anything immediately after the rupture has occurred. After a while, however, the rupture of a disc will cause a narrowing of the space between the bones of the vertebral column at the point where the rupture has occurred.

Those having a first attack of pain caused by a ruptured disc are often treated conservatively (that is without surgery). Also conservative treatment is advised for those who have mild attacks, attacks coming only at long intervals, those who are

over 50 years old, and for those in whom the diagnosis is in doubt.

FOR PATIENTS with intolerable back pain or pain along the sciatic nerve, those who have repeated severe attacks for a long period of time, and for some others an operation has to be considered. The operation employed in such cases may be removal of the ruptured disc or it may include in addition a fusion or binding together of the two vertebral bones between which the disc lies.

The question of which of these operations to perform and whether or not it should be done by an orthopedic surgeon or a nerve surgeon or both together is a matter, of course, which the physicians in charge alone can determine.

THE DISCOVERY that ruptures of this kind can occur, and can in most cases be successfully treated surgically has given relief to thousands who would otherwise have suffered for years with intolerable pain.

Mrs. D. asks why the operation is not always entirely successful.

In a recent discussion of this matter several explanations for poor results were suggested, including operation when the patient was having a mild first attack or when the patient was fairly free of symptoms at the time of operation. Best results, it was stated, were obtained when the disc was removed during the time when the patient was suffering acute discomfort.

## Today And Tomorrow

By WALTER LIPPMANN

Whether or not it was planned that way in Peking, there is a striking parallelism between the affairs of the flyers and our proposed security pact with Chiang's government in Formosa. Peking announced the conviction of the flyers at the end of November, which was just as the negotiations were being concluded in Formosa. Chou En-lai in his talks with Mr. Hammarskjold seems to have insisted that China felt itself threatened by the American support of Chiang who, of course, is bound to keep announcing his intentions to return to the mainland. While Chou was complaining to Mr. Hammarskjold about that, Mr. Dulles was showing the Senators an exchange of notes with Chiang's Foreign Minister promising, though not in the clearest language, that Chiang will not invade the mainland without our consent.

This is an interesting situation. Peking is worried that the United States, using Chiang as an instrument and a pretext is preparing to attack Red China. Washington is worried that Chiang will deliberately entangle the United States against its will in a war with Red China.

Is it far-fetched to say that the situation is made to order for a constructive action by the United Nations? Why should the United Nations not move to bring about a cease fire in the Formosa Strait, thus ending the last shooting war in Asia? Why should not the United Nations then become the guarantors of the principle that force shall not be used to determine the future of Formosa and the relationship of the two Chinese governments?

### CAN'T GRAB FORMOSA

Such a truce under the auspices of the United Nations would reflect correctly the political and military realities. Red China is quite incapable of crossing a hundred miles of water and conquering Formosa. The United States is in fact quite incapable of putting Chiang back on the mainland and restoring him to power. A sound agreement in international relations is one which registers, which states in clear language, the real situation. A truce in the Formosa Strait would register a real situation between Red China and the United States. It would change only the propaganda speeches from the other side about the liberation of Formosa by force and from this side about the liberation by force of the mainland.

The truce would in fact give international standing backed with the vast moral authority of the United Nations to the notes which Mr. Dulles has exchanged with Mr. Yeh. In Washington we do not doubt that Mr. Dulles means to hold Mr. Yeh to the letter and the spirit of the engagement. We cannot expect Peking to believe that. We know that most of the uncommitted Asian nations are far from sure that they believe it. And even in Washington many of us would feel better if the engagements not to entangle us in war rested on something broader and more solid than a private understanding between Taipei and Washington.

The advantages of this approach to the question would be so considerable that it might be well to explore it before ratifying the Formosa treaty. A truce under the United Nations would accomplish all the good that the treaty is designed for. It would avoid the disadvantages of the treaty. I do not see how anyone can feel happy about a treaty of alliance which on the supreme question of whether the alliance would lead to war is so unclear that it has to be interpreted by diplomatic notes.

### ONE-WAY AFFAIR

I for one am unhappy also about the indiscriminate signing of alliances with weak and vulnerable and not too dependable states. The right rule, it seems to me, is to give a guarantee to a state like Formosa, not to pretend that you are making an alliance with it. For the relationship is a one-way affair. We must defend Formosa. Formosa does not defend the United States. It is better not to make alliances except with countries that are in fact allies.

If, therefore, an international truce were to be negotiated in the Formosa Strait, we should be better off all around.

The strongest reason for skepticism about this proposal is that it looks so favorable to the United States that Red China may refuse it. This remains to be seen when and if the exchanges, which Mr. Hammarskjold has opened up so wisely and so well, develop into negotiations for the reduction of the danger of war in Asia.

### Questions and Answers

Q—Which is the parent mint of the United States?

A—The mint at Philadelphia which has been in continuous operation since 1793.

Q—What is the origin of the nautical term "ahoy"?

A—It is from "hoy," an old exclamation possibly from the Dutch hui, used in calling attention, or in calling or driving domestic animals.

Q—Where was the Red Poll breed of cattle developed?

A—In England. Horned Norfolk cattle were crossed with polled Suffolk cattle to obtain the red-colored, hornless Red Polls.

## Two-Month Scout Project Logs 2025-Mile Appalachian Trail

FINAL CHECK UP before he starts 62-mile hike along Bear Mountain, N. Y., sector of Appalachian Trail is given Explorer Scout John O. Maney, Jr., of Newburgh, N. Y., by his parents. John carries the field colors for his group, one of the Boy Scout units which logged the trail.

### By LEONARD RUPPERT

NEW YORK—(NEA) — Take 800 young American boys, stick them out on a mountain trail many miles from their homes, and what do you think would happen?

They'd do as well as the pioneer boys of early America in the light of a project completed last summer by a group of determined Boy Scouts, whose adventures are just now being reported.

From early June until August, 800 Scouts and Explorers set out to cover by foot the whole Appalachian Trail. This is the famous foot trail which winds through a dozen states, from Mt. Katahdin, Me., to Mt. Oglethorpe, Ga.—more than 2025 miles.

The trail was tackled in segments, with each group of Scouts and Explorers going roughly 10 miles a day for 40 to 70 miles. Each party carried a log book, which was passed along to the next group according to pre-arranged schedule.

The trek marked the first time in history that the trail has been covered relay fashion by any organized group in a single season of hiking.

The job was tackled for three main reasons: to prove that the BSA is truly an outdoor movement; to focus public attention on America's beautiful wilderness, and to fill in public officials on the big trail's present condition.

The orders were simple, but firm: "The Log Book must be kept moving over the trail. No emergency should stop its progress. The Log Book must go on!"

And go on the log book did. A group in North Carolina, for instance, found on the last day out

there'd been a mix-up in dates, and they had to cover in just one day the distance scheduled for two days. But they did it with time to spare.

Groups in other locales weathered cold spells, fog, lightning and rain, some of which lasted for days. And due to some dried-up springs, a party in Pennsylvania went thirsty for several hours.

But all met their time schedules promptly.

The only departure from plan was made by Scouts in Kathahdin, Me., who found the trail blocked by windfalls which made it almost impassable. In order to meet the schedule, they had to go back to their starting point and deliver the log book by car. But with typical Scout perseverance, they then returned to the trail and finished the hike on their own.

The Scouts had their troubles with animals, too. The same crew in North Carolina that faced the mix-up in dates encountered a large black bear, which wanted their large cooked ham. After he'd made four visits—all in the dead of night—they decided to let him take it.

There was Post 63 of Irwin, Tenn., which awoke one dreary midnight to find to its great discomfort it had camped on top of an anthill.

A party in Pennsylvania was public relations conscious. Each day of its trip, it sent a report by carrier pigeon to the home-town paper in Pottsville. And it camped on its final day at the base of a television tower, which beamed the event to thousands of viewers.

The telecast drew such interest that the little-used road to the tower was host to its very first traffic jam.

Another public attraction occurred in a field in Vermont when planes from Fort Ethan Allen dropped the hikers their food. This was a modern touch used nine times by Scouts exploring the Pacific West Trail in a similar project which took them from Canada to the Mexican border.

Explorers in Eastern New York State added a note of irony when they wrote that their biggest hazard was crossing a highway for summer vacationists.

A newsman from Newburgh, N. Y., who camped with the Scouts for only a day, summed it up this way:

"If you relish canned stew and chocolate pudding for breakfast, gaze at the steep trail ahead and forget the mountains beyond, dodge snakes and plod on with a pack on your shoulder and a can of hot sticky water at your side, then you will make the grade as an Appalachian Trail hiker."

But summing it up even better were Explorers from Bethesda, Md., who ended their notes in the log book: "We didn't follow the trail, we made it!"

If we can't balance it (national budget) now, we can never balance it.—Sen. Henry Dworshak (R., Idaho.)

We should not be frightened of prosperity. Beware of people who say that because things are going well it will not last.—Reginald Maudling, British economist.

## Edson In Washington

By PETER EDSON

(NEA Washington Correspondent)

WASHINGTON—(NEA) — What President Eisenhower has asked for in his new foreign economic message to the Congress is, in effect, a recodification of all U. S. laws dealing with this subject.

These laws are today something of a hodgepodge. They were passed separately to meet limited situations. They did not have as their objective the creation of a complete and consistent foreign economic policy meeting today's world conditions.

In trying to bring order out of this confusion, the House Ways and Means Committee has a job almost as big as the one it tackled in the two years past. This was to recodify the tax laws. The last Congress did a commendable job on that.

There is as yet no move to put together an omnibus foreign economic policy code of laws, all wrapped up neatly in a single package. All the parts in the President's foreign economic program are so interrelated, however, that they must be considered together by the Congress.

WHAT THESE PARTS ARE spelled out by the President in the first of his special messages to Congress.

This is by no means the extreme program which some of the opponents of a reciprocal trade agreements program have made it out to be. It is a moderate approach. It will satisfy neither the believers in completely free trade nor those who believe only in high protective tariffs.

The group of business leaders under Clarence B. Randall, board chairman of Inland Steel, who shaped up and support the Eisenhower program, believe that few American producers will be hurt by it.

There is no provision for government aid to U. S. industries affected by lowered tariffs, which is opposed by the American Tariff League and its high-duty supporters.

BUT THE ESCAPE CLAUSE and perit point limitations would be retained in the President's program. Tariff cuts would be limited to 5 per cent a year for three years. Tariff rates now over 50 per cent could be cut to that level and not below it in three years. And high rates on goods not now being imported quantity could be not more than a half in this three-year period.

After the three years—in 1958—Congress would be able to take another look at the situation. There is no proposal to make the trade agreements a permanent part of American law.

With respect to GATT, the new General Agreement on Tariffs and Trade now being negotiated in Geneva, Switzerland, will be submitted to Congress for the first time. Sen. Eugene Millikin (R., Colo.) agreed this had to be done, to settle the issue for good. Rep. Richard Simpson (R., Pa.) served with the U. S. GATT delegation this summer and presumably got a first-hand idea of its workings. Multilateral negotiations, rather than treaties between two nations, are now generally recognized as the best way to lower world trade barriers.

A CHARTER FOR THE proposed new International Finance Corporation is now being drawn up by a seven-member committee of the executive directors of the International Bank. Eugene R. Black, chairman of the executive directors, and Andrew Overby are American representatives.

It is hoped that the charter draft will be ready by spring. A sort of junior grade Bretton Woods conference of countries in the International Bank might then have to be called to approve the charter before submitting it to member governments for ratification.

If this schedule cannot be met, the charter might have to be held over for the Bank's board of governors' meeting in Istanbul, Turkey, next September. But the U. S. idea is to have the charter ready for approval by this session of Congress so that the new lending corporation can begin operations by the end of the year.

U. S. exports are now greatly in excess of its imports. The whole Eisenhower program is aimed at finding free enterprise substitutes for balancing international trade without continued multibillion-dollar-foreign-aid programs.

# Military Pay Raise Measure May Cost 730 Million Dollars

WASHINGTON (AP) — The most far-reaching revision of military pay schedules to be proposed in years was submitted to Congress late Monday by the Pentagon, which estimated it would cost nearly 730 million dollars in the next fiscal year.

The program spelled out details of President Eisenhower's recommendation to Congress last week that steps be taken to make career military service more attractive and to halt the loss of experienced officers and men.

## Careers Encouraged

The Pentagon says the program was designed specifically to encourage good men to stay in service at periods in their careers when they might be most tempted to shed their uniforms. Besides pay boosts of up to 25 per cent, it calls for extra bonuses for dangerous duty and additional allowances

to members of the regular forces. No increases would go to any enlisted man until he had served at least two years nor to any officer until after three years of service.

The Army private first class, Marine Corps corporal, Navy seaman and Air Force airman second class (which are comparable ranks) would fare this way as compared with the present scheduled.

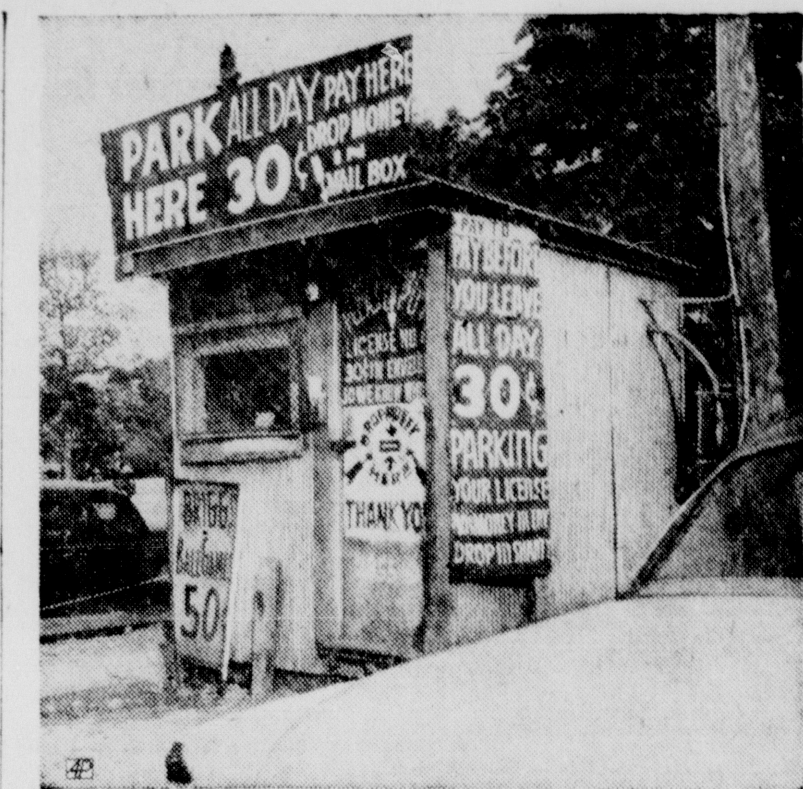

## Top In 14 Years

This man, after two years of service, would jump \$9.98 to \$117 monthly, a rise of 9.33 per cent over existing pay. His next raise, after four years service, would be 15.65 per cent, or \$17.94 to \$132.60 monthly. Under existing schedules he would go up to \$122.30 after six years and then to \$129.95 after eight years. Under the new schedule he would receive no further increase until after his 10th year when he would get \$137.59, the same pay he now gets. Under both old and new plans this enlisted man would reach top pay of \$152.88 after 14 years.

A man in the top enlisted grade (Army, Marine Corps, Air Force master sergeant and Navy chief officer) would go to \$210.60 after two years under the new plan — an increase of \$4.21 or 2.04 per cent over existing pay. His next raise to \$218.40, after four years, would be an increase of \$4.37 or 2.04 per cent. After six years he would get \$234, an increase of \$12.32 or 5.56 per cent. After eight years he would get \$253.50, an increase of \$24.18 or 10.54 per cent. After 10 years his pay would be \$261.30, a raise of \$24.34 or 10.14 per cent. After 12 years \$273, a raise of \$28.39 or 11.61 per cent. After 14 years \$280.80, 11.04 per cent or \$29.02. After 22 years \$319.80, 15.29 per cent or \$29.33. This senior enlisted man would reach the top pay bracket after 26 years under both schedules. Under the new plan he would get \$335.40, 9.69 per cent or \$29.64 more than under the current program.

## Boost For Lieutenants

In the commissioned officer category the second lieutenant or Navy ensign under the new schedule would get \$296.40, a raise of \$59.28 or 25 per cent over the

present schedule. After six years he would get \$312, a raise of \$45.24 or 16.96 per cent. After eight years his pay would be \$327.60, an increase of \$46.02 or 16.34 per cent. After 10 years, \$343.20, 15.79 per cent or \$46.80. After 12 years, \$358.80, 15.29 per cent or \$47.58. This man would reach top pay of \$374.40 after 14 years service, an increase of \$48.36 or 14.83 per cent over present scales.

The Navy captain and his equivalent ranking colonel in the other three services would get \$624 after three years under the new scale, an increase of \$31.20 or 5.26 per cent. If such an officer was not promoted but remained in the service his next increase would not come until after 16 years service. Then he would be raised \$47.58 or 7.83 per cent to \$655.20.

After 18 years he would get \$717.60, an increase of \$80.34 or

12.61 per cent. After 22 years his new pay would be \$748.80, an increase of \$81.90 or 12.28 per cent. After 27 years it would be \$780, an increase of \$83.46 or 11.98 per cent. His top pay of \$811.20 would come after 30 years service, an increase of \$85.02 or 11.71 per cent.

## Fast Time Question Faces Wisconsin State Legislators

MADISON, Wis. (AP)—Wisconsin's Legislature opened its second week of business Tuesday confronted with the problem of what to do about demands for daylight savings time.

Backers of the so-called "fast time" stressed the necessity of getting legislative action early. The Legislature usually closes a biennial session in June.

Speaker of the House, Mark Catlin Jr., Republican of Appleton, a backer of daylight savings time, said a party caucus would take up the proposals.

Catlin has proposed that the summer hours be subject to a referendum vote in an election in April.

## Basement Fire Hazards Cited

A clean basement is fairly fire safe, but a cluttered basement is a fire hazard and should be tidied up for the safety of yourself and your family.

This is the advice of Escanaba Fire Chief Nels Bergeon, who noted that the number of fires and losses by fires is growing in the United States each year. Most tragic is that an average of 11,000 persons die each year as victims of fires in this country.

Many home fires start in the basement, the fire chief said. For this reason stacks of magazines and papers, discarded furniture, old rags and other combustibles are the fuel the fire feeds on.

Fire Chief Bergeon urges that rubbish be cleared from the basement and the following potential fire hazards checked:

1—Have your furnace cleaned regularly and don't put off necessary repairs. Don't try to repair automatic heating units yourself unless you are qualified.

2—Don't leave rubbish or kindling near the furnace; provide covered metal cans for ashes.

3—If you think there is a gas leak in your basement or anywhere in the house—don't use a lighted match in an effort to find it. Get your family out of the house. Open the windows, Telephone Utility Service No. 1976.

4—Don't leave paints, turpentine or other such materials near the furnace.

## Death Of Ironwood MSC Student Blamed To Natural Causes

ANN ARBOR (AP) — Washtenaw County Coroner Edwin C. Ganzhorn said today Loren King, of Ironwood, 22-year-old Michigan State Freshman dead found in a swamp near Saline last week, died of natural causes.

He said King had a severe coronary disease.

Ganzhorn said analysis of vital organs was negative as to alcohol, nicotine, carbon monoxide or potassium cyanide, ruling out previous theories of suicide or four play.

## Drug Smuggling Ring At Jackson Prison Under Investigation

JACKSON (AP) — Southern Michigan Prison Warden William H. Brannan said today eight inmates have been placed in detention cells and several guards questioned in an investigation into a possible drug smuggling ring.

Bannan said six inmates including Gordon Shelly, a member of the prison's newspaper staff, were seen staggering in the prison yard last Thursday.

He said six capsules of tinal, a powerful sedative, were found in Shelly's possession.

Bannan said the drug is not used in the prison's hospital and apparently had been smuggled in.

## Wall Street

NEW YORK (AP) — The stock market advanced today for the second straight time following its bad break of Monday. About two-thirds of the Monday loss now has been retraced.

The rise today was well distributed throughout most major divisions.

Gains went to between one and three points in a generous handful of cases. Losses were almost entirely fractional.

Volume of business was at a rate well below Tuesday's 3,020,000 shares.

Among higher stocks were Bethlehem Steel, General Motors, U. S. Rubber, United Aircraft, General Dynamics, American Telephone, American Smelting, Du Pont, Westinghouse Electric, Climax Molybdenum, Santa Fe Railroad, New York Central, Union Pacific, Standard Oil (NJ), and Pan American World Airways.

## Maitland O. K. On Airport Aid

LANSING (AP) — Sen. Perry W. Greene (R-Grand Rapids) and Brig. Gen. Lester J. Maitland, state aeronautics director, smoked the pipe of peace Tuesday night after a dispute over federal airport aid for Grand Rapids.

Earlier, Greene had threatened an investigation and a bill to abolish the State Aeronautics Commission in the belief that Maitland was responsible for the Civil Aeronautics Administration's decision to reduce a federal grant for the Grand Rapids Airport by \$100,000.

Greene said that after a review of Maitland's files he was convinced Maitland was not opposed to Grand Rapids receiving a supplemental grant but felt that airports at Escanaba, Iron Mountain and Benton Harbor were deserving of more initial aid than would have been possible if Grand Rapids was given the \$100,000 in the original grant.

Greene said he had come to the conclusion that abolition of the aeronautics commission would only lead to "more politics" in the allocation of airport funds and that he had no desire to press that issue now.

Grand Rapids spokesman had accused Maitland of "politics" in recommending airport allocations to the federal government.

## Four Dogs Enrolled In Dearborn Police

DEARBORN, Mich. (AP) — Members of the Dearborn City Council Tuesday night warily inspected the four latest additions to the police force: a quartet of dark-eyed German Shepherd dogs.

The canines will be assigned to accompany officers on the night beat.

Mrs. Marguerite C. Johnson, public safety director, said that after undergoing rigorous training the dogs will be able to disarm bandits, scale fences and walls and hold at bay any trespasser.

The beauty of the arrangement, she said, is that the dogs' only wages will be three pounds of horsemeat a day.

"And they work seven nights a week," she added, "with nothing mentioned about overtime."

## Low-Grade Manganese Ore Uses Studied

WASHINGTON (AP) — The Emergency Procurement Service (EPS) has recommended an 18-month extension of a research program aimed at developing economic methods for using the nation's low-grade manganese resources.

The EPS indicated optimism Tuesday that some practical means will be found to utilize the ore, at least as an emergency supply.

The program was started in 1952 through private contractors to relieve the steel industry from dependence on foreign sources for manganese, which is required in the production of high grade steel.

## Red Cross To Aid Swim Program For Township Children

The Delta County Chapter, American Red Cross, will assist in defraying the expense of a swimming instruction program for children of four townships in the county, it was announced today by Atty. William E. Anderson of Escanaba, Red Cross Chapter chairman.

The program was discussed by the Red Cross chairman and township school officials on Monday, and the cooperation of Maple Ridge, Bark River, Wells and Escanaba township school districts is expected for the summer of 1955.

School buses will transport children to beaches at Gladstone and Escanaba for instruction in swimming, with the Red Cross participating in the cost of transportation. The Red Cross will also train additional instructors who will teach beginners' swimming classes at the beaches.

The program will be revived this year after a lapse of a couple years, and in response to requests from children and parents in the townships, Chairman Anderson said.

## U. P. Contractors Elect Officers

The Upper Peninsula General Contractors Association held their annual meeting in Ishpeming recently and elected the following officers:

President, Howard MacDonald, Sault Ste. Marie; vice president, Herman Gundlach, Houghton; secretary, Paul Friar, Houghton; treasurer, Neil Gill, Neenah, Wis.

Harold Alholm of Marquette and Elmer Wirman of Iron River were re-elected as directors for a period of three years.

This Association is the bargaining agent for the union contractors of the Upper Peninsula of Michigan and holds contracts involving the carpenters, operating engineers, truck drivers, and laborers employed in the general construction industry in this area.

A majority of the general contractors of the Upper Peninsula were represented and several important items of business were discussed.

## Boston Convicts Hold 5 Guards In Bid For Freedom

(Continued From Page One)

Guard tank ordered by Commissioner Whitney, Warden O'Brien said he could see no reason for "any display of force right now" and said he would not permit it inside the prison walls "at this time."

BOSTON (AP) — "For every shot fired at us, a guard dies," warned four desperate state prison convicts as they continued into the second day to hold five guards hostages in their fantastic bid for freedom.

The message was issued from the solitary confinement cellblock of the Massachusetts State Prison, where the quartet of desperadoes has been holding the guards captive since 5 a. m. Tuesday.

Shortly after receipt of the message by Warden John J. O'Brien, State Atty. Gen. George Fingold announced over the prison's public address system:

"If one of you kills, all of you will die in the electric chair."

**No Compromise**

Both O'Brien and Fingold said there would be no compromise. They demanded that the guards

be released unharmed.

On the other hand, the hardened convicts—all serving virtual life sentences—repeated their earlier conditions: "This is a battle to the end; we have only one demand—out."

Scores of state police and local law enforcers stood by with machine guns, bazookas, shot guns, submachineguns, rifles and small arms.

Spokesman and ringleader of the armed convicts is Theodore (Teddy) Green, 39, a notorious bank robber and experienced prison escaper, who notified Warden O'Brien Tuesday night: "One shot, one gas bomb and one of your screws (guards) dies. If shots are fired at us, then to hell with what happens from then on."

Even a touching telephone con-

versation with his 16-year-old daughter—arranged by the Boston Post—failed to bring Green to his senses.

**All Long-Termers**

The Post reported that Green told his daughter: "I got to have my freedom and get all that money that is put away. I have to get it for you and Ma and the kids."

He also was quoted as saying: "I'm sorry, Toby, but if that warden don't let me out in the car, I POSITIVELY will. That is that. I feel about it and that is that."

The three prisoners with Green are Walter H. Balbin, 38, of Hudson, Mass., who has so many sentences against him for gunplay and robbery that it would take until 1998 to complete them; Fritz O. Swenson, 31, of Boston, serving life for killing a policeman; and Joseph Flaherty, 32, also of Boston, a burglar and rapist with 47 years to serve. Green has virtually a life sentence facing him for bank robberies, prison escape and assault convictions.

DISTRIBUTED BY MEA SERVICE, INC.

**THE STORY:** Johnny Fletcher and Sam Cragg are flat broke when a bill collector calls. Although they have no money Johnny bets he can collect any bad debt the collector, J. J. Kilkenny, has on his list. The one selected is a tab on Alice Cummings, who bought a cheap fur coat and skipped. Her last address was the Chesterton Hotel.

III  
The doorman stood outside the hotel, sneaking a quiet smoke. He would take a quick puff or two, then palm the cigaret as he held it behind his back.

Johnny stepped up to him, "Mister," he said, "I've come to New York from Wilkes-Barre, Pa., to find my sister who ran away from home five years ago, come Candemas Day."

"I'll bet," said the doorman. "Her name," Johnny went on, "was Alice Cummings and this was the last address we had of her."

"Alice Cummings," mused the doorman. "Yeah, sure, I remember her. A good-looking babe —"

"Naturally," said the doorman. "Oh, I remember her, all right. She had a little hard luck, I hear, and couldn't pay her room rent."

"Poor Alice," sighed Johnny. "Alone in the great city, no money, only a cheap mink-dyed alley-cat fur coat to keep her warm."

"She was wearing a real mink the last time I saw her," retorted the doorman.

"When was that?"

"I see this babe three-four times a year. Doin' all right, too, I guess."

She was with young Carmichael six-eight months ago. Come out of the theater there and it was rainin' so cabs was scarce and they came over here to grab one. I helped her in."

"Carmichael," said Johnny, "that wouldn't be Bill Carmichael, would it?"

"Naw. Young Jess — you know, son of old Jess Carmichael who made a potful in the grocery business."

"Oh, him. Well, well! Sis is doing all right. Thanks a million."

"Not a million. A buck'd be all right."

"If I had a buck, which I haven't," retorted Johnny, "I'd invest it in the Carmichael Grocery Stores."

Johnny signaled to Sam and they walked toward Seventh Avenue. "I'm glad to know the kid ain't starvin'," Sam said. "Wouldn't it be swell if she'd marry a fellow like this rich Mr. Carmichael?"

"It would help to distribute the wealth," said Johnny, "but it seems to me I've seen this Carmichael lad's name in the gossip columns. He gets around."

They walked to Fifth Avenue and turned south. A few minutes later they entered the grimy building that had housed the Harover Club since the turn of the century.

Inside, an assistant doorman who kept the record of the club members who were in the building at the time faced them. "Yes, gentlemen?"

"Mr. Jess Carmichael. He's ex-

pecting us."

"Your names?"

"Fletcher and Cragg. But it's all right, we're having lunch with him. We'll look for him in the dining room."

"Sorry, sir, but it's against the club rules. Mr. Carmichael will have to pass you. I'll have him paged for you." He scribbled on a pad, banged a bell and called out, "Front!"

A bellboy came forward smartly and the attendant handed him a slip of paper. "Page Mr. Carmichael."

The bellboy went off and was gone a good five minutes, while Johnny and Sam waited in front of the assistant doorman's desk. Finally, the boy came back, accompanied by a red-faced, dissipated-looking man of about 30. The bellboy indicated Johnny and Sam, and Jess Carmichael regarded them vaguely.

"Do I know you chaps?"

"Not yet," said Johnny. "My name's Fletcher and this is my partner, Sam Cragg."

Carmichael nodded briefly. "If you're selling insurance —"

"We're not," said Johnny. "In fact, we're not selling a thing. I came to see you for one reason only. To tell you how grateful I am."

"For what?" asked Carmichael, still suspicious.

"My sister. You've been awfully good to her."

Carmichael winced. "Fletcher, you said? Uh, I, ah, don't believe I know —"

"Oh, she doesn't use our name any more. When she ran away

from home she changed it." Johnny paused for effect. "To Alice Cummings."

"Blackmail!" exclaimed Carmichael. "You're trying to blackmail me."

"I've got nothing against blackmail," Johnny said. "I'll make a deal with you. A better deal than you deserve. I'll let you go your crummy way, on just one little condition. Alice's address. Right now — fast."

"That's all you want? You're sure?"

"That's all. Nothing more. Absolutely."

"Chateau Pelham — Fifth Avenue."

"Mr. Carmichael," Johnny said, "you're a scholar and a gentleman. I thank you."

Outside, Sam Cragg let out a roar. "Holy smoke, Johnny. That was raw!"

"I didn't do a thing. I didn't say anything I couldn't repeat in a court. He read a different meaning into everything. That's what a guilty conscience does to a man."

## Tight Pants Bar Boy, 17, From School

WHEATON, Md. — Paul McQuain's tight-fitting dungarees may have their day in court but they can't get into Wheaton High School.

Seventeen-year-old Paul has been denied admittance to the Montgomery County school since last Thursday because of refusal to wear something else. Principal Elwood Mason explained Monday.

He said the school has a strict policy against such apparel.

Paul's father Okey Lee McQuain has decided to back his son. County School Supt. Forbes H. Norris declined to overrule Mason, and McQuain now says he's going to see a lawyer.

## Texan Who Walked Over Car Acquitted

HOUSTON — Petroleum engineer Curtis Maxwell last Oct. 1 crawled on the hood of a new automobile, walked across in front of the windshield, and jumped to the opposite side.

"I was half way across the street on a green light when this car driver approached at a high rate of speed and then blocked the pedestrian lane completely as he stopped for the red light," Maxwell told Judge William A. Miller Monday.

Judge Miller found Maxwell innocent of injuring personal property.

The number of producing oil wells in New Mexico in 1953 was 6,800.

## Memorial At V. F. W. Auxiliary Meeting

Members of the Ladies' Auxiliary to the Veterans of Foreign Wars draped their charter at last night's regular meeting at the V.F.W. Club Rooms in memory of Mrs. J. J. (Lena) Panzer of Detroit, past national president of the Auxiliary, who died Dec. 8.

The regular business session of the Auxiliary was followed by a social hour during which lunch was served. Out-of-town guests were Marvne Speck, 14th District president, and Ruth Delaney, 14th District secretary, both of Sault Ste. Marie.

## Today's Recipes

Two excellent recipes for Brownies were received today from Mrs. Earl Flagstad of 901 1st Ave. S., Escanaba. The request for a recipe for saffron rolls, however, is still unanswered.

Here are Mrs. Flagstad's recipes:

**BROWNIES**

$\frac{1}{2}$  cup shortening  
2 ounces chocolate  
 $\frac{3}{4}$  cup sifted flour  
 $\frac{1}{2}$  teaspoon baking powder  
 $\frac{1}{2}$  teaspoon salt  
2 eggs, well beaten  
1 cup sugar  
1 teaspoon vanilla  
1 cup chopped nuts, coarsely cut

Mix shortening and chocolate together over hot water. Cool. Sift flour with baking powder and salt. Beat eggs until light, add sugar, then chocolate mixture, and blend. Add flour, vanilla, and nuts, and mix well. Pour batter into 8 by 8 inch pan greased with pan coat. Bake in moderate oven (350°F.) 35 minutes. Cool and cut into squares. Makes 16.

Pan-Coat:  $\frac{1}{2}$  cup shortening and  $\frac{1}{4}$  cup flour.

Mix shortening with flour to form a smooth mixture. Keep in covered dish on pantry shelf. Use for greasing cake pans, muffin pans, cookie sheets, etc.

**BROWNIES**

2 eggs  
 $1\frac{1}{4}$  cups brown sugar  
 $\frac{1}{2}$  teaspoon vanilla  
 $\frac{1}{2}$  cup flour  
2 squares unsweetened chocolate (melted)  
 $\frac{1}{2}$  cup walnut meats, cut in pieces

Beat eggs well, add sugar. Add remaining ingredients. Spread evenly in a buttered shallow pan and bake in a moderate oven 20 minutes.

**FINES HERBES**

Fines Herbes is a French term for specific combinations of herbs. The basic combination usually contains parsley, chives and chervil. Fines Herbes mixtures are packaged commercially or can be made at home. They are especially good for seasoning vegetables, soups and salads.

**HOW MANY SPICES?**

The American Spice Trade Association reports that there are 50 spices now available to American consumers.

# Lake Seaway To Be Quarter Completed Within Next Year

WASHINGTON (P) — Nearly one quarter of the St. Lawrence Seaway is scheduled for completion in the year starting July 1, President Eisenhower said. He estimated that \$22,832,000 will

be spent on the seaway during the year. No appropriations are involved.

Congress authorized the seaway last year and created the St. Lawrence Seaway Development Corp. to construct and operate it. The corporation is authorized to issue up to 105 million dollars in revenue bonds to be financed by the U. S. Treasury.

Eisenhower in his budget message to Congress said construction of the seaway is "being pushed at maximum speed because of the seaway's importance to economic development and national security."

The construction program, scheduled to open the seaway for traffic by 1959, consists of two lateral canals and a navigation channel in the 46-mile International Rapids section between Ogdensburg and Massena, N. Y., and channel work in the 68-mile Thousand Islands section between Lake Ontario and Ogdensburg.

These works will provide a 27-foot channel from Lake Erie to Montreal.

The \$22,832,000 programmed for construction work in the year starting July 1 includes:

Land acquisition, \$216,000; relocation of property, \$2,459,000; locks, \$11,850,000; channels and canals, \$5,636,000; engineering and design, \$1,050,000; supervision and inspection, \$1,205,000; and construction facilities, \$416,000.

Cape Town, South Africa, was founded in 1652 by the Dutch to raise fresh food for passing ships.

visited with Mrs. Anna Taylor at Escanaba.

Word was received by Mr. and Mrs. Joe Chouinard that their son, Emil, who is stationed at Stuttgart, Germany, visited the Vatican on Christmas and received a blessing from Pope Pius.

## Sonny Tufts Settles Thigh Bite For \$600

LOS ANGELES (P)—The court has approved a \$600 settlement by actor Sonny Tufts for the bite he allegedly took on the right thigh of a 19-year-old dancer and swimmer, Margarie Von.

She sued Tufts for \$26,000 damages, claiming the 44-year-old actor sank his teeth into her while she was reclining below deck aboard a yacht anchored off Balboa Feb. 20, 1954. She claimed he inflicted a three inch scar.

Last year another dancer, Barbara Gray Atkins, sued Tufts for \$25,000 claiming he bit her left thigh at her Hollywood apartment. She dropped the suit before it reached trial.

### Letters To The Editor

#### HOCKEY IN GLADSTONE

Dear Editor:

On January 10, 1955 I wrote a letter to the Gladstone City Commission asking them to provide a supervisor at the local rink to organize and direct hockey play for junior players. I stated that there is "a great deal of interest in hockey among the smaller boys," and that they would need supervision as soon as possible. Eight to ten hours a week of supervision was asked for.

The general discussion that led to no action was:

1. There was no interest in hockey to warrant this expenditure.

2. The city manager could give no immediate information as to the cost.

3. The boys from the hockey rink interfered with skating on the general rink.

And the statement was made by one of the commissioners that in two seasons past only one game of hockey had been played.

As for interest in hockey, I have been in hockey in Gladstone for many years and there has always been an interest in it, sometimes greater and sometimes less. With a little help from the City in a junior program there would be greater interest. I have spent many hours away from my work, managing teams and helping junior players. My interest is not only as a player but I realize the boys of Gladstone need to spend their time at a good, wholesome, competitive sport. Besides the twenty-five that have tried out for the Indians hockey team there are over forty boys that are signed up wanting to be organized into teams.

The City Manager could certainly give the Commission some idea of the cost, being that there were hired supervisors at the general skating rink the past few years.

If boys from the hockey rink were on the general rink it indicates that there is a need for supervision, and not that hockey should be done away with.

Last season the Indians as a City team held two or three practice sessions a week and at each session a game is played. Mr. Vanbrocklin, who is very interested in boys hockey, held many sessions with his team the Falcons, and they played games with teams from Escanaba. Many nights boys, even though unsupervised, have conducted games on their own. The Indians played as many games as weather and outside competition would permit. Four home games were played, one other cancelled because of a thaw. Three out of town games were played, one with the prison which cannot return games. As much or more activity was held at the rink the previous season.

To state that only one game was played in two years is a gross injustice to the hockey interests of Gladstone.

For the Commission to be influenced, to take no action, by such a statement, shows a lack of interest in the youth of Gladstone; something that should be of great concern to men that are in a position to direct the affairs of a city. The City Manager should have been able to inform them of their error. With more than twenty-five years as a going sport in Gladstone behind it the game of hockey should be helped along with the main concern being the means whereby the boys of Gladstone can be kept busy at a good game.

I trust that this letter will help the Commission to realize the importance, to the general welfare of the youth of Gladstone, that all of the various sports play in making better citizens of them and making Gladstone a better place to live.

Sincerely,  
Gordon Haga

lege, Chicago, and its joint sponsors, the Evangelical Mission Covenant Church and the Swedish Covenant Hospital, Chicago.

The film takes the inspiration of a personal appearance of Mr. Sallman, drawing his portrait of Christ, and weaves it into the dynamic story of two young people who are seeking satisfaction and happiness. A student nurse, naively sure of her religious convictions, suddenly finds she has as a patient a materialistically-minded, cynical young medical student. It does not take long for their ideas to clash. But into this setting comes the portrait of Christ, a considerate chaplain, and an atmosphere of Christian understanding. The results leave the audience in thoughtful inspiration.

Since his first drawing of the "Head of Christ" in 1924, Mr. Sallman, who is a member of the Edgewater Mission Covenant Church in Chicago, has created numerous other settings of Christ. More than 100 million reproductions of his various pictures have reached the public.

The public is invited.

#### Honored

Tony Gregory was pleasantly surprised Monday evening at his home, North 15th St., by a group of his nieces and nephews, arranging in ages from two to seventeen years. The occasion was the celebration of his birthday.

Games and dancing was enjoyed followed by the serving of a birthday lunch. The cake, iced in white and blue centered the table. The youngsters presented their uncle Tom with a gift as a memento of the occasion.

Those present were Iris, Linda and Karl Zimmer, Karen, Beth, Toni and Timmy Rabitoy, Paul Sidbeck, Rose and Kathy Reno and Theresa Lynn Thennes, age two.

## March Of Dimes Drive Gets Under Full Steam

The March of Dimes campaign in Gladstone is beginning to take shape.

So far polio cards containing the printed word POLIO and having compartments for dimes have been distributed to: Dehlin Drug Store, Ivory Drug Store, Central Pharmacy, Rialto Theater, First National Bank, and the Gladstone State Savings Bank. Banners containing the words March of Dimes have been given to the drug stores and may be seen displayed in prominent areas. Gladstone Boy Scouts distributed 150 canisters to business houses on Tuesday, January 18th. The boy scouts were under the guidance of Scout leader Le-Roy Hamilton.

Small school cards will be distributed to the school children with the help of Sister Emma Marie, principal of All Saints, and Mr. Wallace Cameron, superintendent of the public school.

During the half time of the Gladstone - Munising basketball game, containers were passed through the crowd and donations were given.

Tonight the television Station at Marinette Channel 11 is having a one hour program from 9:00 to 10:00 plugging the March of Dimes campaign. Talent from Delta County is participating in the program. During the program anyone wishing to pledge money to the March of Dimes could do so by telephoning Escanaba 1100 and Escanaba 3190.

The date for the annual Mother's march has not been set officially but it will be held toward

the end of the month. The mother's march will take place in Gladstone and Escanaba at the same time and anyone wishing to contribute to the March of Dimes at that time can leave their porch lights on and the women assigned to the project will collect the donations. The Gladstone women taking part in the Mother's drive are as follows:

Buckeye and Kipling — Mrs. Francis Rabitoy, Capt.; Mrs. Rene Maskart, Mrs. George Minnie, Mrs. Hilding Peterson, Mrs. Michael Stenac, Jr., and Mrs. Edward Pilon.

Brampton—Mrs. Bert Heslit. Superior and Railway Avenue — Mrs. Kenneth Berg, Capt.; Mrs. Glenn Price.

Delta Avenue—Mrs. Gus De-hooghe, Capt.; Mrs. Martin Becker.

Minnesota Avenue — Mrs. Elmer Feldt, Capt.; Mrs. Robert Ebbeson.

Wisconsin Avenue—Mrs. John Paine, Capt.; Mrs. Charles Smith.

Michigan Avenue—Mrs. Clarence Closs, Capt.; Mrs. Peter Schram, Mrs. John Lake, Mrs. Marlen Rose.

Dakota Avenue—Mrs. Lawrence Martin, Capt.; Mrs. Thomas Trudell.

Montana Avenue — Mrs. Louis Bizeau, Jr., Capt.; Mrs. Richard Hammond.

Minneapolis and Lake St.—Mrs. Melvin Carlson, Capt.; Mrs. Rene Ostlund.

Second, Third, Fourth and Fifth Streets—Mrs. Harold Ebbeson, Capt.

Sixth, Seventh and Eighth Streets — Mrs. Wesley Ward, Capt.; Mrs. Joseph Martin.

Ninth and Tenth Sts. — Mrs. Martin Caldwell, Capt.; Mrs. Robert Moore.

Eleventh and Twelfth Sts. — Mrs. Ralph Ottensman, Capt.; Mrs. George Kelly.

Thirteenth and Fourteenth Sts. — Mrs. Mary Stearns, Capt.; Mrs. Elmer Green, Mrs. Ervin Mac-

Kennedy.

Fifteenth, Sixteenth, Seventeenth and Eighteenth Sts. — Mrs. James Cannon, Capt.; Mrs. Lowell Carlson.

Blackwell Ave. Section and S. Gladstone Addition—Mrs. Henry Lynaugh, Capt.; Mrs. J. J. Stearns.

All of the people mentioned in the story have unselfishly given their time and ability to make 1955 a successful year for fighting polio.

Fifty per cent of all the money collected in Delta County will stay here to aid polio cases from Delta County.

We, who are working on this drive, sincerely hope that no one reading this story will ever need the facilities offered by the National Foundation for Infantile Paralysis. However, it is a possibility. Won't you please contribute this year? Let's make 1955 a banner year for polio prevention.

## Stock Dividend Voted By Bank

Stockholders of the State Savings Bank, at their annual meeting in the conference room Tuesday afternoon, unanimously approved a stock dividend of \$25,000, to be paid from undivided profits. The declared dividend gives the bank common stock of \$100,000 and surplus of \$100,000.

The stock dividend will be represented by issuance of 1,000 shares of common stock, with par value of \$25 to give outstanding capital stock of \$100,000 divided into 4,000 shares with par value of \$25 each.

Shareholders of the bank Tuesday re-elected August Carlson, E. G. Carlstrom, E. E. Cookson, Frank Hartman, R. G. Hentschell, William J. Shinar, and Russell Watson directors for the ensuing year. The directors meet Thursday afternoon to elect officers.

During the meeting, William J. Shinar, president, reported the bank made considerable, healthy progress during the year.

## Uniform Textbook Policy For County Schools Sconsidered

Use of uniform textbooks in Schoolcraft County schools was reviewed Saturday at a meeting of the County Board of Education held in the courthouse here.

At present, individual district boards select textbooks in cooperation with teachers but no special attempt is made to correlate selections with those of other county schools, it was pointed out. Books are furnished free to students.

A committee to evaluate textbooks is scheduled to be appointed later, before any action is taken on the proposal. Advantages would include continuity in studies for students who change schools within the county, and uniform preparation of students for entry in high school, it was noted.

Board members also discussed formulation of written school board policies, and plans to encourage more young people to enter the teaching profession.

The county board consists of Mrs. Jean Lustila, of Germfask, president; James Hubble, Manistique township; J. J. Griffin, Cooks; Dr. James H. Fyvie, Manistique, and Mrs. Beulah Rice, Doyle township.

## City Briefs

Mr. and Mrs. George Schweikert have returned from St. Clair Shores, where they visited with their son-in-law and daughter, Mr. and Mrs. William Norman. They were there a week.

Mrs. James Kelly of Cooks, was dismissed Monday afternoon from Schoolcraft Memorial Hospital.

Mrs. Freda Peterson, Schoolcraft Ave., is visiting in Detroit with relatives.

Mr. and Mrs. Arthur Nelson and Mrs. Hannah Swanson have returned from a 2 month visit in Puerto Rico with Mr. and Mrs. George Sverre.

Mr. and Mrs. Robert Jack, of Germfask, are the parents of a son born Jan. 16 at Schoolcraft Memorial Hospital. He weighed 6 pounds and 14 1/2 ounces.

Mrs. Marjorie R. Miller, of Minneapolis, Minn., is visiting with her son and family, Rev. and Mrs. Alan S. Miller, 310 Main St.

Mr. and Mrs. Thomas McCarry, of Traverse City, have returned to their home after visiting with his sister, Mrs. Myrtle McMillan, Walnut St.

More people get more news from newspapers than from all other sources combined.

Braves Top Munising; Share Conference Lead

GLADSTONE — The Gladstone Braves resumed their winning ways last night and handed the Munising Mustangs a 68-56 defeat to move into a tie for first place with Soo at the head of the Great Lakes Conference standings.

Coach Cappy Keil's Braves shook of the effects of a pair of weekend losses and got right down to work against the Mustangs. They pulled out to a 15-10 lead in the first period, stretched it to 37-26 at the half, increased it even more in the third period and then shut off a mild Munising threat in the final frame to win without difficulty.

The victory was Gladstone's third in conference play, against a lone defeat. It was an occasion for revenge, as Munising is the team that had previously tripped Gladstone.

Center John Quinn found the range for eight field goals and eight free throws to take scoring honors with 24. Munising's Frank Hamila was close behind with 23 points.

Jack Beach, Gladstone's deadly guard, missed his first few shots but settled down to finish with 15 points.

The Braves were again sharp from the free throw line, cashing in on 20 of 30 gift shots. They also

Spartan Sidelines

By ROBERT E. VOGES

EAST LANSING (AP)—Time was when an athlete could earn a varsity letter at Michigan State by climbing up on a horse and knocking around a little white ball with a long mallet.

Looking back on MSC sports history on the occasion of the college's 100th year, it's been discovered that polo is the only varsity sport that has been discarded.

Michigan State had polo teams in the 1920s and early 1930s when cavalry units of the ROTC were stationed at the college. The Army officers also were the coaches and the college gave varsity letters for polo.

Farm boys of the era took readily to the sport. But when the Army became mechanized, the ROTC lost its mounts and MSC gave up polo.

Varsity hockey, also played in the 1920s, was dropped for nearly 20 years before being revived in 1950 with installation of an indoor rink.

The game was played from 1922 until 1931. But when a freak winter in 1931 rained out the entire schedule—which had to be played on outdoor ice—the college gave up the sport in disgust.

Michigan State also made a stab one time at fielding a varsity lacrosse team.

The college hired a coach from an eastern university where lacrosse was all the rage. All the equipment was purchased and the Spartans were ready to go ahead with the ancient game invented by the Indians.

But then it was discovered that the only other schools playing lacrosse were in the East and the South. Any kind of a decent schedule would cost too much money, and mean too much traveling.

The lacrosse equipment is still stored in the basement of Jenison Fieldhouse.

Water polo, although never played on a varsity basis, is another once-popular sport now abandoned at Michigan State.

Swimming coach Charles McCaffrey Jr., reports, "It got to be a pretty rough game, something like football in the water. It went out around the depression era because it was felt the sport wasn't contributing much to the collegiate picture."

McCaffrey says some of the roughhouse tactics have been taken out of the modern game with attempted drowning no longer legal.

Heavy Turnover This Year In Grid Coaches

By ED WILKS

The Associated Press

There should be a brisk sale in programs at college football games next fall. You won't be able to tell the coaches without one.

At least 12 new head coaches will be on the sidelines, plus three who will be in new surroundings.

The "coach wanted" sign still is out at seven other colleges—Dartmouth, Houston, Loras, New Mexico A & M, Norwich, Oregon State and Xavier (Ohio).

Houston and Bill Meek, now top man at Kansas State, appear quite chummy as the Cougars search for a "big name" replacement for Clyde V. Lee, who quit Dec. 6 after a 4-5 season. K-State had a 6-4 mark last fall.

Four Prospects

New Mexico's Aggies reportedly have a list of four prospects for a successor to Jim Patton, who resigned with a 0-9 record Dec. 2. Among them is said to be Bill Yeoman, a Michigan State Assistant.

Also to be considered are the head coach positions at Nebraska and Texas, where Bill Glassford and Ed Price are under "unofficial" fire. Glassford weathered the same storm last year, but after getting a bid to the Orange Bowl in lieu of Big Seven champion Oklahoma, the Cornhuskers were clobbered by Duke 34-7. Price was thought to have the Southwest conference champ in preseason predictions, but his Longhorns wound up with a 4-5 record.

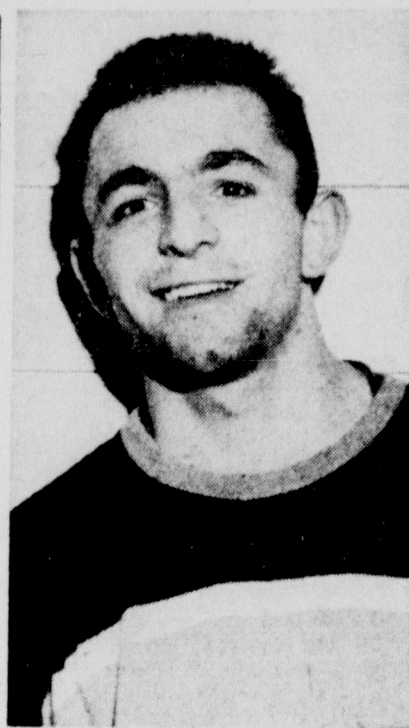

Poor seasons have been responsible for most of the coaching changes.

Left After Winning

Bowden Wyatt of Arkansas, Jack Mitchell of Wichita and J.B. Whitworth, late of Oklahoma A&M all won more games than they lost in '54 but packed up to take similar assignments at other colleges. Wyatt went to Tennessee, Mitchell to Arkansas and Whitworth to Alabama.

Bobby Dodds is the new man at Tulsa after serving as an Army assistant. Bill Chipley left private business to head Washington & Lee's demoralized program.

W&L's Carl Wise, incidentally resigned after the school sat out 1954 as far as intercollegiate competition was concerned.

Garden To Stage Junior High Cage Tourney Feb. 25

The Catherine Bonifas School of Garden, will be host team for a seventh and eighth grade tournament on Feb. 25, 26, 27. This will be the third consecutive year that the tournament has been held. The trophy was won by Nahma in 1953 and Daggett won the championship last year.

The Garden tournament is one of two seventh and eighth grade tournaments that have been sanctioned by the state for the Upper Peninsula. The other such tournament will be held in Marquette in March. Kenneth Ralph, Garden High School and Junior High coach is again in charge of tournament plans.

The host team, last year's runner-up, will be represented by their strongest entry. They have defeated all opponents to date and were pressed only by the Nahma Junior High which they defeated 29 to 23. Members of the Garden team are: Neil McPhee, Larry Farley, Steve Pasodna, Louis Louzon, James Potvin, Bernard Grenier, Harold Jacques, Ovil La Bute and James Morrison.

Gulliver Beats CIO In City League Game

MANISTIQUE—Paul Hinkson and George Hough fired 29 and 21 points through the nets to lead Gulliver to a 68-51 victory over CIO last night in City League basketball action.

Gulliver took a 12-9 lead in the first period and was never headed. Ed Putz set the CIO scoring pace with 16 points.

Stephenson's Eagles Climb In U.P. Prep Cage Ratings

Iron River, Houghton, Mass and Rock are getting Peninsula-wide headlines and top ratings for their undefeated cage records this season.

But the top prep basketball story of the year may yet be written about another school — one that has figured little in championship contention since its elevation to Class B status a few years back.

Upper Peninsula sports writers this week recognized emergence of Stephenson High School as a possible threat among the "big boys" by ranking Coach Walt Schouen's Eagles No. 4 in Class B of the weekly basketball poll.

Eben Trips Perkins In Low Scoring Game

EBEN—The Perkins cage team ran into an extremely cold front in the second period here last night, failing to register a point on the scoreboard, and fell to Eben 36-33 in one of the lowest scoring games in the Upper Peninsula this season.

Perkins opened with a 10-8 lead in the first frame but took the halftime intermission with a 15-10 deficit. Both teams scored nine points in the third period and Perkins cut its deficit by outscoring Eben 14-12 in the last quarter.

Ed Heribacka took scoring honors for Eben with 17 points and Rolland Kauppila came through with 13. Ron Deloria led Perkins with 10 points.

Perkins now has six wins against four defeats. Eben has won three and lost seven.

Eben also won the 7th-8th grade preliminary, 27-21.

Powers Notches Eighth Win Over Vulcan 62-52

POWERS—The Powers Spalding Tigers turned in a 21-point spurt in the third period here last night to chill the Vulcan Giant Killers enroute to a 62-52 Little Seven Conference victory.

Coach Marv Ropelle's Tigers rang up their eighth victory against two defeats (both at the hands of Rapid River) and cemented their position at the head of the conference.

Powers took a 14-10 lead in the first period but slipped behind, 28-26, at the half. The big third period spurt put Powers back in front, 47-34, entering the final period and Vulcan was unable to make up the difference.

The Powers scoring was well divided with four starters hitting in double figures, headed by Bernard Poupore's 18 points. Jim Henderson contributed 16, Bill Berg 15 and Jim Sargent 11. Top man for Vulcan was LaPine with 10. Twenty-two players saw action in the game.

Powers also won the Bee team preliminary, 41-38.

Hawks Tie Sentinels 3-3; Calumet Is Here Thursday

The Marquette Sentinels can thank goalie Jack Pinder for some extraordinary net-minding here last night and a 3-3 tie with the scrappy Escanaba Hawks in NMO League action.

Pinder turned back continual Escanaba pressure with some of the best net work seen here this season. And some of the most unconscious, too. The Hawks rattled a steady stream of pucks at Pinder from all angles and he stepped around the shots he could see and most of them that he couldn't.

Escanaba's game was apparently at a peak last night as they registered their second straight tie game. (They were knotted 6-6 with Portage Lake in their last start.) In every phase of the game except scoring the Hawks were far superior to the invading Sentinels.

Radars Here Thursday

On Thursday night the Hawks will have an opportunity to show their wares again before the home crowd. They tackle the Calumet Radars in a makeup game, starting at 8:15.

If the fans' reaction to last night's game is an indication, the Hawks will be filling the house from now on. They kept the faithful on the edge of their seats with brilliant play-making, excellent passing, strong defense and all-around determination to beat the Sentinels.

Each team scored twice in the first period. The Sentinels broke the ice first, with Don Crowley taking a pass from Jim Swenor and batting in his own rebound against steady Ben Artwich at 2:48.

Butorac Ties Score

Steve Butorac tied it 1-1 at 4:02 when his shot from the corner bounced in beside the hard-work-coach Oake Brumm put the Sentinels in front 2-1 at 7:16 when his long shot from center ice got through the pack in front of the goal and beat Artwich.

The Sentinels were rushing furiously late in the period when the Hawks were a man short, Warner Wilson sitting out a high sticking penalty. But Mark Olson turned the tables when he stole a pass and whistled the puck past Pinder to tie the count at 2-2 as the period ended.

Marquette went ahead again early in the third period when former Hawk Doug Peterson broke in alone on Artwich to score at 2:26.

Neatest Play

The neatest play of the night paid off for the Hawks at 12:31 when Buddy Provo passed across the front of the net to Olson who faked Pinder into the corner and then fed Butorac a set-up that tied the score 3-3.

Pinder showed his best form in

the third period when he needed everything he had to stop the Hawks. Early in the period Wilson took a pass from Olson and fired low off the ice but the Marquette goalie was there in time. Twice in the next few minutes the Hawks piled into Pinder's goal but couldn't get the puck home. And with Peterson in the penalty box the Hawks turned on the heat late in the period but still couldn't beat the clever Marquette net-minder.

The Hawks' offensive game was keen with Butorac, Olson, Wilson, Provo and Aimo Muhonen flashing excellent form. Joe Nogalo, Dick Johnson, Mike Otis and Clarence Matt were wickied on defense and Joe Ricci was impressive in his first home appearance as he labored on both a line and defense.

In all, the Hawks peppered Pinder with 42 shots while the Sentinels got off 24 at Artwich.

Indians, Blackhawks Will Clash Tonight

GLADSTONE—The Gladstone Indians will make their bow before local hockey fans tonight at 7:30 when they clash with the Escanaba Blackhawks on the rink at the Central playground.

The Indians tied the Menominee Wildcats Sunday at Menominee. Wednesday's game will be the first start for Escanaba.

The Indians showed promise at Menominee Sunday and last night's workout should bring them along a bit for their next game. Bob Bizeau sparked on offense in the opener while

Emeralds Eye Comeback In Two Weekend Games

MANISTIQUE — Coach Rudie Brandstrom's Emeralds, caught off guard in a 65-58 defeat at Marquette last Saturday, are pointing efforts for a comeback this weekend.

Dave Cook will fill for Corson, if he is unable to play, Coach Brandstrom said today.

The Emerald cagers go to Manistiquing Friday night for a Great Lakes conference clash, and Saturday night play a non-conference tilt here with Stephenson. Reserves of the schools will meet in preliminaries preceding each of the matches.

Manistique this week may be without Bob (Skip) Corson, who injured a bone when he twisted his ankle this week. It is not certain yet whether or not he will be available for play. Also injured in the Emerald lineup is George Phillion, who reported a leg injury.

Other Emerald steadies are expected to start in the weekend clashes. Bill Holm and Eddy Bernier pull guard slots, Bob Hastings will be at center, and Ken Dixer at forward.

Burton outlined the prospects of the club in taking the Upper Peninsula leadership because of the excellent running ground at the White Fish area. The club has leased four 40's of land from the state, extending from White Fish River to the White Fish Plains, which is ideal for training dogs and holding field trials.

The club will hold its last sanctioned Class A field trial on May 14-15. Each club is required to hold three sanctioned trials before it is qualified to hold a licensed trial and the Bay de Noc Club plans to hold that trial in the fall.

The club's derby will be held June 5. The first four dogs that place in the 13-inch and 15-inch classes will compete in the U. P. Derby Trial sponsored by the U. P. Hare Association that will be held in Ironwood.

The club's progress in the past three years was traced by Jack-wich. Three miles of trails have been cut, winding in and out of the swamp, making it easy to judge and train the dogs. A shelter has been built on the grounds.

The club's next meeting will be held Feb. 21 at 8:30 at 1428 N. 15th St. in Escanaba.

# Big Ten, Coast TV Policy Attacked By Small College

LANCASTER, Pa. (AP)—A scathing attack on the proposed football television policies of the Pacific Coast and Big Ten conferences by a small college official has brought an immediate defense from the president of the PCC.

Prof. Emmett Moore of Washington State College reaffirmed the PCC stand Tuesday on the coast immediately after being informed of the attack by J. Shober Barr, athletic director of Franklin and Marshall College here. Barr accused the two conferences of being

"selfish in their approach to the solution of the (TV-control) problem."

Barr is one of the 13 members of the committee which is working on the NCAA's TV program for next season. He said in a statement that the two major conferences have "no concern for the hundreds of independent and small colleges and universities throughout the country and particularly those in their own areas."

Also "Little Fellow" Both conferences are outspoken

proponents of a regional program of TV. The PCC says it's that or nothing.

Barr, noting that 85 schools have dropped football since the end of the 1946 season, said the coast plan of regionalized TV with unlimited night game telecasts would force many more colleges to abandon the sport.

Moore replied that the PCC is "not out to disregard anyone and we recognize the small schools as an integral part of the athletic picture. After all, Washington State is a 'little fellow.'"

He said the nine-member coast conference is actually a minority in the NCAA's District Eight, which comprises some 40 institutions.

"We have to protect our own gate receipts," he said.

## Tiger Jones Figures To Extend Robinson In Tonight's Fight

CHICAGO (AP)—Ralph (Tiger) Jones should be considered more than just a whistle stop on Sugar Ray Robinson's comeback timetable tonight.

Their 10-rounder at Chicago Stadium will be televised nationally by CBS at 9 p.m., CST.

Robinson, looking as sleek and as magnificently confident as ever, is a solid 3-1 choice to dispose of the 26-year-old Yonkers, N. Y., "crowder," noted as a rough-and-ready body punisher who once was a third-ranked middleweight contender.

It will be the second fight in two weeks for Robinson, who at 34 is trying a comeback aimed at regaining the middleweight crown now worn by Bobo Olson.

If he succeeds, he will be the first fighter to come out of retirement and win back his title.

Robinson made his start by kayoing plodding Joe Rindone in the sixth round at Detroit Jan. 5.

Most ring experts agree that Robinson at his peak ranked with the all-time greats of boxing. He had also held the welterweight title

and was only six minutes away from taking Joe Maxim's light-heavyweight title in June 1952. Completely spent but far ahead on points, he was unable to come out for the 14th round.

Six months later, he announced his retirement and became a song-and-dance entertainer on the night club-theater circuit.

Jones, although he has lost his last five starts, should be a good second test for Sugar Ray. He's been knocked out only once, but in turn has scored only eight kayoes himself in winning 32 of 47 fights.

Robinson has a sensational record of only three defeats and two draws in 142 bouts.

open Thursday with Don Carter, St. Louis, the champion; Bill Lillard, Detroit runnerup; Mrs. Marion Ladewig, five-time winner of Grand Rapids, Mich., and Sylvia Wene, Philadelphia runnerup, joining the finalists.

The latter four have bowled special matches, which also wind up today. Tuesday Mrs. Ladewig beat Miss Wene and Lillard whipped Carter.

## Four Former Champs On Bowling Sidelines

CHICAGO (AP)—Four former champions were among the bowlers failing to qualify into today's semi-final round in the National All-Star tournament.

Billy Welu, a young St. Louis kiegler led the more than 150 men shooters in the preliminary rounds and with 45 other bowlers who qualified, will seek one of the 14 spots for the finals starting Thursday. Welu, 22, posted 5,108 for the 24 games he shot since the tournament opened last Saturday.

Merle Matthews, Long Beach, Calif., secretary, paced the women with 3,136 in 16 games, which gave her a lead of 57 pins over Norma J. Forbes of New Orleans.

Four Fallen Champs

The four bowlers who have won the All-Star tourney but failed to qualify were Ned Day of West Allis, Wis.; Buddy Bomar of Chicago; Joe Wilman of Berwyn, Ill., and Andy Varipapa of West Hempstead, N. Y.

Welu is followed by Carl Richard of Parsons, Kan., with 5070. Welu shot 1279 Tuesday to assume command after Junior McMahon of Fair Lawn, N. J., slipped to a 1122 series for 4966.

Chicago's Joe Kristof, leader the first two days, came up with 1189 for 4952 and sixth place.

Low qualifying score for women was 2783. The men needed 4786 or better.

## Top Cage Teams Suffer Upsets

The Associated Press

North Carolina State, rated right behind Kentucky, and Maryland, the latest Atlantic Coast Conference basketball power, were upset victims Tuesday night.

North Carolina whipped State 84-80, while George Washington perhaps the strongest team in the Southern Conference, took the measure of Maryland 75-53.

Yale turned in a double-overtime triumph over Dartmouth in the Ivy League 83-79, and Rice whipped Texas Christian, the Southwest Conference favorite, 73-63.

North Carolina's victory over the mighty Wolfpack sent the Tarheels into undisputed possession of first place in the Atlantic Coast Conference.

George Washington put on a fine defensive exhibition in snapping Maryland's nine-game winning skein. The Terps, ranked sixth in this week's Associated Press poll, stayed close until midway in the second half. Then GW's zone defense stopped them.

Dartmouth's Indians had a 17-point lead with about 6½ minutes to go, but the Elis kept whittling away until Charlie Ross tied it in the closing seconds.

Again in the first overtime, Dartmouth pulled ahead, only to have Ross deadlock it again. Then Dave Hobson took over the main scoring and Yale pulled away.

With the pennant winning Toronto club of the International League last year, Elston won the most valuable player award of the circuit. He missed the league batting title by two points with .331, and drove in 108 runs. He smacked 22 homers, 20 doubles and 15 triples. An outfielder previously, he was converted into a catcher last season.

With the New York outfield limited to five men, and Yogi Berra showing no signs of slowing up, it appears likely that manager Casey Stengel will be forced to reconvert Howard into an outfielder.

There will be 10 other rookie candidates for jobs including seven pitchers, two infielders and a 25-year-old catcher, Lou Berberet, who has been stamped with a "can't miss" label.

At Birmingham last year Berberet batted .317, smashed 18 home runs and drove in 118 runs. He is a fine workman behind the bat, has a strong and accurate throwing arm and guards the plate like the marines.

The most likely looking pitcher among the freshman is 19-year-old Ralph Terry, who turned in an 11-9 record with Binghamton in his first year of professional ball. The 6-3 righthander struck out 113 and walked only 53 in 182 innings.

Next — St. Louis Cardinals.

## Howard First Yankee Negro?

NEW YORK (AP)—Unless all signs fail, Elston Howard, 26-year-old son of a Negro high school principal in Missouri, is destined to be the first of his race to play for the New York Yankees.

With the pennant winning Toronto club of the International League last year, Elston won the most valuable player award of the circuit. He missed the league batting title by two points with .331, and drove in 108 runs. He smacked 22 homers, 20 doubles and 15 triples. An outfielder previously, he was converted into a catcher last season.

## Andres Minoza Ring Prospect

CHICAGO (AP)—If Minnie Minoza, the Chicago White Sox star outfielder, thinks his brother, Andres, is pursuing his profession of dentistry in Chicago — he's got a surprise coming.

Andres, 24, is taking up prize fighting.

"He's been working out at mid-west gym," says trainer Sam Buxbaum, who has been in the business 32 years and handled scores of champions from Harry Greb to Bobo Olson.

"But he hasn't shown up in five days and I heard he is plenty homesick because his mother hasn't written him from Havana in a couple of weeks. He only knows a few words of English."

According to Joe Lucania, a Chicago mortician who once was an amateur fighter, Minnie's little brother "says he was a dental technician in Havana and that Minnie paid for his trip to Chicago to pursue his trade. A doctor friend recalled that Andres looked good as a fighting prospect in Havana and sent him to me and I got in touch with Buxbaum."

Buxbaum says he is trying to get Andres, a welterweight ready for a preliminary match in Mari-gold Gardens here Jan. 25.

Richmond, Calif. — Eddie Chavez, 138½, knocked out Johnny Hart, 135½, Phoenix, 3.

Honolulu — Stanley Harrington, 145½, Honolulu, knocked out Joe Gilmer, 144½, Oakland, Calif., 1.

Miami Beach — Bobby Dykes, Miami, 110, (middleweights, exact weights not available).

In an allowance race the weight a horse carries is based on the amount of money the horse has won and/or the number of times he has won.

Miss Matthews rolled 701 Tuesday but this was completely overshadowed by Delores Wroblewski of Detroit, who jumped from 13th place on Monday to third. A tournament high four — game series of 860 helped the Detroiters. She had 25 strikes, 12 of them coming in a row between the second and third games.

Competition today will consist of eight games for the women and 16 for the men. Match play finals

For best results, write WANT AD naturally and clearly. Low word rates permit a complete description at small cost.

Place ad for six times. Cancel when you get results. You will be charged only for number of times run at the current word rate.

Commercial want ads must be placed before 5:30 p. m. the day before publication. Other classified ads (For Rent, Help Wanted, etc.) will be accepted until 10:30 a. m. on the day of publication.

Rates for the minimum 15-word ad are:

6 times ..... 45c a day

3 times ..... 60c a day

1 time ..... 75c a day

**TABLE SHOWING WANT AD COSTS 15 WORDS AND OVER**

Words	1 Day	3 Days	6 Days
15	.75	1.80	2.70
16	.80	1.92	2.88
17	.85	2.04	3.06

## Pro Bowl Proceeds Go To Charities

LOS ANGELES (AP)—The pro bowl football game in Memorial Coliseum last Sunday netted \$41,800 after deduction of 20 per cent of the net for the National Football League.

Rain held the crowd to 43,972. The West team defeated the East, 26-19. Proceeds, except the 20 per cent, go to charities.

## Teamsters Study Annual Wage

DETROIT (AP) — AFL Teamsters Union leader James R. Hoffa, says he wants to "study the proposal closely" before endorsing a guaranteed annual wage.

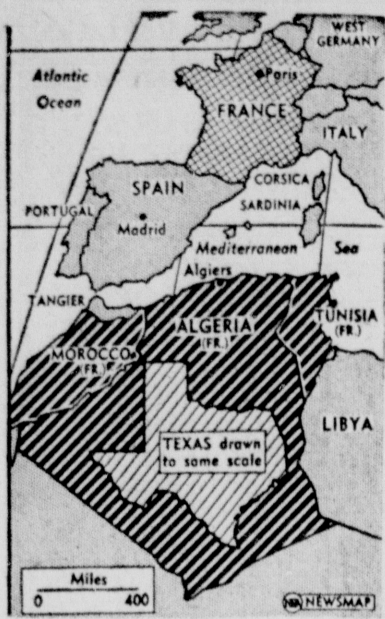

The guaranteed wage has been announced as the major objective of the CIO United Auto Workers in contract negotiations with the auto industry next spring.

Hoffa, speaking before Motor City Traffic Club members Monday night, said about 75 per cent of the Teamsters already have a "guaranteed wage."

"I'm referring," he said, "to the milk, bread, newspaper, meat and produce truck drivers who have to make trips throughout the year and are not laid off for long periods of time."

The other 25 per cent, he said, haul automobiles and other freight subject to seasonal demands.

"We know that employers must make a dollar in order to pay the wage of our truck drivers," he said. "When the trucks are standing still it follows that employers are not making the money to pay wages."

**HOT SPOT** — The fight of Algerian nationalists to change the status of their country from its present standing as an integral part of France puts the U. S. in a dilemma. Algeria, three times the size of Texas, with 10,000,000 people, contains military and air bases of great importance to NATO's high command. The Arab League seeks action by the UN Security Council. France protests that the UN is not competent to deal with the issue because it is one of domestic jurisdiction. Map also shows Tunisia and Morocco, which are involved in the clash of interest between France and the Arabs.

The bidding:  
North 1♥  
East 3♠  
South 4♦  
West 5♣

West opened the three of spades — the preferred lead from any three-card holding headed by the ten or better in partner's bid suit — and East cashed in two tricks. East then shifted to the jack of trumps. This was taken in dummy, and declarer discarded two clubs on the high hearts. Next,

## Racine Zoo Adopts Boisterous Lion

CHICAGO (AP) — A home has been found for Monty, a performing lion who grew too boisterous for a night club act and was given by his owner to the Animal Welfare League.

The league reported astonishment last week when more than 100 persons or groups phoned or called at the league shelter seeking to adopt the 200-pound, 18-month-old lion.

The league announced it has decided to give the lion to the Racine, Wis., zoo and will deliver him there.

Mammals are believed to be the descendants of ancient reptiles whose ancestors lived in the sea.

## Ishpeming Lady Lost 30 lbs. with Rennel

"I weighed 168 lbs. before taking Rennel Concentrate. So much gas in my stomach always made me feel miserable. I decided to try Rennel to lose some weight hoping that it would make me feel better," writes Mrs. Annette Pellow, 328 E. Division. "With Rennel I lost 30 lbs. easily now weighing 138 and I feel just wonderful. I can truthfully say that I wouldn't be without Rennel in my home since it helps me to keep my weight down without starving myself to do so."

Thousands have found this amazing simple home recipe the safe economical no diet way to reduce. Costs only \$1.40. Ask your druggist for 4 oz. of liquid RENNEL CONCENTRATE. To this add enough unsweetened grapefruit juice to make one full pint. Then take two tablespoonsfuls twice a day. Satisfaction guaranteed with the first bottle or send to manufacturer for refund. Ask for free booklet "How To Eat Thin and Lose Weight." Insist on and be sure to get Rennel.

## New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at the Fair Store, Escanaba. (Adv.)
